## PATENT ASSIGNMENT

THIS PATENT ASSIGNMENT, is effective as of the 31st day of March, 2013, between Nexans Inc., a Delaware corporation ("Assignor"), and Berk-Tek LLC, a Delaware limited liability company ("Assignee").

### WITNESSETH:

WHEREAS, this Assignment is being entered into in connection with the transactions contemplated by that certain Contribution Agreement dated as of March 31, 2013 (the "Contribution Agreement") between Assignor and Assignee;

WHEREAS, as shown by the records of the United States Patent and Trademark Office, Assignor has previously acquired all right, title, and interest in and to the United States and Canadian patent and/or patent applications identified on Schedule 1 attached hereto and in and to the inventions represented thereby (all hereinafter referred to as the "Patents");

WHEREAS, Assignee is desirous of acquiring the right, title, and interest in and to said Patents and in and to the inventions represented thereby, in the territories of the United States and Canada; and

WHEREAS, the parties have agreed to the Assignment hereinafter set forth.

NOW, THEREFORE, To All Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the above Assignor has sold and by these presents does hereby sell, assign, transfer, and convey unto the said Assignee, its successors and assigns, its right, title, and interest in the United States and Canada in and to said Patents and the inventions represented thereby, and any and all continuations, continuations-in-part, or divisions thereof, and any and all Letters Patent or reissues, reexaminations, or extensions thereof which may be granted therefor or thereon in either the United States or Canada, for the full end of the term for which said Letters Patent may be granted; and all of its rights to sue for past infringement of said Patents in the United States and Canada, together with all claims for damage by reason of past infringement of said Patents, with the right to sue for, and collect the same for Assignee's own use and enjoyment; all to be held and enjoyed by said Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor in the United States and Canada if this assignment and sale had not been made.

Except as specifically set forth above, Assignor will retain all Patents, and all rights appurtenant thereto, outside of the territories provided above.

From time to time after the date hereof, at the request of either party hereto, and at the expense of the party so requesting, each of the parties hereto shall execute and deliver to such requesting party such documents and take such other action as such requesting party may reasonably request in order to consummate more effectively the transactions contemplated hereby.

This Assignment shall be governed, construed and enforced in accordance with the laws of the State of Delaware (without regard to the choice of law provisions thereof).
