**ASSIGNMENT**

For good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, Advanced Technical Asset Holdings LLC, an Arizona limited liability corporation, (hereinafter "Assignor"), hereby grants, assigns, sells, transfers, conveys, sets over and quitclaims, effective as of April 2, 2013, to Echo Automotive, Inc., a Nevada corporation, (hereinafter "Assignee"), its successors and assigns the entire rights, title and interests of Assignor in and to the issued patents and pending patent applications set forth on Attachment A; in and to the inventions covered by such patents and patent applications; in and to any divisional, continuation, continuation-in-part, or reissue applications corresponding to such patents and patent applications and any reexamination of such patents and patent applications; in and to any foreign patents and patent applications corresponding thereto; and the right to claim priority based on the filing dates of such patent applications under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purpose; together with all claims for profits and other damages due or accrued by reason of past, present, or future infringements of such patents and applications, with the right to sue for, and collect the same for, Assignee's own use and benefit, and for the benefit of Assignee's successors, assigns, and legal representatives. Assignor will without further compensation, perform such lawful acts and execute all further documents as Assignee may reasonably request to effectuate fully the assignment of such patents and patent applications.

IN WITNESS WHEREOF, Assignor and Assignee have caused this Assignment to be signed by duly authorized officers.
