PATENT SECURITY AGREEMENT, dated as of April 22, 2013 (this "Agreement"), between MOMENTIVE PERFORMANCE MATERIALS GMBH (formerly known as BLITZ 06-103 GMBH), a company organized under the laws of Germany (the "Pledgor"), and JPMORGAN CHASE BANK, N.A., as applicable first lien representative (the "Collateral Agent") under the Security Agreement referred to below.

Reference is made to the Security Transfer and Assignment Agreement dated as of December 4, 2006 (as amended, restated, supplemented or otherwise modified from time to time, the "Security Agreement"), among the Pledgor, certain subsidiaries of the Pledgor listed therein and the Collateral Agent. The Pledgor and the Collateral Agent have entered into the Credit Agreement, dated as of December 4, 2006 (as amended and restated as of February 10, 2011, as amended by the Incremental Assumption Agreement, dated as of April 2, 2012, as further amended by Amendment No. 1, dated as of November 16, 2012, as further amended by the Second Incremental Facility Amendment, dated as of November 30, 2012, and as further amended, restated, supplemented, waived or otherwise modified from time to time, the "Credit Agreement"), among Momentive Performance Materials Holdings Inc., certain other affiliates of the Pledgor party thereto, the lenders from time to time party thereto, the Collateral Agent, and the other parties party thereto.

The parties hereto agree as follows:

SECTION 1. Terms. Capitalized terms used in this Agreement and not otherwise defined herein have the meanings specified in the Security Agreement or, if not defined therein, in the Credit Agreement. The rules of construction specified in Section 1.02 of the Credit Agreement also apply to this Agreement.

SECTION 2. Grant of Security Interest. As security for the payment or performance when due (whether at the stated maturity, by acceleration or otherwise), as the case may be, in full of its Obligations or its Secured Guarantee, as applicable, the Pledgor hereby pledges to the Collateral Agent, its successors and permitted assigns, for the benefit of the Secured Parties, and hereby grants to the Collateral Agent, its successors and permitted assigns, for the benefit of the Secured Parties, and confirms its prior grants to the Collateral Agent for the benefit of the Secured Parties in existence at the time of such grants, a security interest in all right, title and interest in or to any and all Patents now owned or at any time hereafter acquired by the Pledgor or in which the Pledgor now has or at any time in the future may acquire any right, title or interest, including those listed on Schedule I (collectively, the "Patent Collateral").

SECTION 3. Security Agreement. The security interests granted to the Collateral Agent herein are granted in furtherance, and not in limitation of, the security interests granted to the Collateral Agent pursuant to the Security Agreement. The Pledgor hereby acknowledges and affirms that the rights and remedies of the Collateral Agent with respect to the Patent Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the Security Agreement, the terms of the Security Agreement shall govern.

SECTION 4. Governing Law. This Agreement and the rights and obligations of the parties under this Agreement shall be construed in accordance with and governed by the laws of the State of New York.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]
