## INTELLECTUAL PROPERTY ASSIGNMENT

This **INTELLECTUAL PROPERTY ASSIGNMENT** (this “Assignment”) is made as of the 30th day of April, 2013, and is by and between **Pathway Polymers Inc.**, a Delaware corporation (“Assignee”), and **Pathway Holdings Limited**, a company incorporated under the laws of England and Wales (“Assignor”), and is being made and delivered pursuant to **Section 2.2** of the Stock Purchase Agreement between Assignor, Assignee, Dash Multi-Corp, Inc. (the “Buyer”) and British Vita Unlimited dated as April 19, 2013 (the “Agreement”). Assignor owns the patents listed on **Schedule A** attached hereto (all such patents, registrations and applications, collectively, the “Patents”), (ii) the trademarks listed on **Schedule B** attached hereto (all such trademarks, registrations and applications, collectively, the “Trademarks”) and (iii) the know-how set forth on **Schedule C** (the “Know-how” and, collectively with the Patents and the Trademarks, the “Assigned IP”).

For the sum of \$1.00 and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby assign unto Assignee all of Assignor’s right, title and interest in and to the Assigned IP and the registrations and applications therefor in the United States and throughout the world together with the goodwill of the business symbolized by the Assigned IP, along with the right to sue and recover for, and the right to profits, penalties or damages due or accrued, arising out of or in connection with any and all past, present and future infringements or dilution of or damage or injury to the Assigned IP or such represented goodwill, in each case, subject to the terms and conditions of the Agreement. To the extent that any of the Trademarks constitute “intent to use” applications filed in the US Trademark Office, Assignor and Assignee hereby agree and acknowledge that such Trademarks are being assigned with all or substantially all of the Assignor’s business relating to the respective Trademark.

Assignor agrees to execute and deliver at the request of Assignee, all papers, instruments, and assignments, and to perform other reasonable acts Assignee may require in order to vest all of Assignor’s right, title and interest in and to the Assigned IP in Assignee and/or to provide evidence to support any of the foregoing in the event such evidence is deemed necessary by Assignee, to the extent such evidence is in the possession or control of Assignor.
