TERMINATION AND RELEASE
OF PATENT SECURITY AGREEMENT

WHEREAS, on July 13, 2012, (i) Dais Analytic Corporation, a New York corporation, having its principal place of business at 11552 Prosperous Drive, Odessa, FL 33556 (the "Company") executed and delivered a Secured Convertible Promissory Note dated July 13, 2012(as amended, the "Secured Note") to Michael Gostomski, residing at 1666 Valley View Drive, Winona, MN 55987 (the "Secured Party"), and (ii) the Company and the Secured Party entered into a Patent Security Agreement dated July 13, 2012 (as amended from time to time, the "Patent Security Agreement"); and

WHEREAS, pursuant to the Patent Security Agreement, Company granted to Secured Party, a security interest in (i) all rights, title, and interest in all patents, patent applications and like protections owned or thereafter acquired by Company including, but not limited to, all such patent and patent applications listed on Exhibit A attached hereto, including, without limitation, improvements, divisions, continuations, renewals, reissues, extensions and continuations-in-part of the same and the proceeds therefrom and (ii) all rents, royalties, license fees and "accounts" (as defined in the Uniform Commercial Code of the State of Illinois) with respect to all of the foregoing items in clause (i) (all of the foregoing, collectively, the "Collateral"); and

WHEREAS, the Patent Security Agreement was recorded with the United States Patent and Trademark Office on Patent Reel 028842 and Frame Number 0564; and

WHEREAS, Secured Party assigned the Secured Note to MG Energy LLC, a Delaware limited liability company, having its registered office at 615 South DuPont Highway, Dover, Delaware 19901("Assignee");and

WHEREAS, all principal and interest due under the Secured Note was paid in full pursuant to the terms and conditions of the License and Supply Agreement by and between Assignee and Company dated October 26, 2012; and

WHEREAS, Company has requested and Secured Party and Assignee desire to release any and all rights, title and interest it may possess in the Collateral and terminate the Patent Security Agreement as herein provided.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Secured Party and Assignee each hereby:

1. terminates and releases any and all security interest it possesses in the Collateral created under the Patent Security Agreement and assigns and transfers to the Company any and all rights, title and interest in and to the Collateral as of October 26, 2012.
2. authorizes the Company to terminate all financing statements evidencing the security interest created pursuant to the Patent Security Agreement and grants Company permission to file, on behalf of the Secured Party and the Assignee, any United States Patent and Trademark Office assignment release, or any other such document reasonably necessary or desirable to evidence the release of said security interest.
3. agrees to execute such documents and instruments as the Company may reasonably provide and authorizes and requests the Commissioner of Patents and Trademarks of the United States of America to note and record the release given hereby.
4. agrees to execute and deliver, or cause to be delivered, including by making any additional filings with any governmental authorities in each case at such times and places as shall be reasonably necessary or desirable, such additional instruments or other documents as the Company may reasonably request for the purpose of evidencing the release of the security interest created under or with respect to the Patent Security Agreement.

This document constitutes a discharge of all obligations for which said security interest was granted.

(Signature Page Follows)

IN WITNESS WHEREOF, the Secured Party and its Assignee, by its duly authorized representative, have caused this Termination and Release to be signed and take effect as of October 26, 2012.
