ASSIGNMENT

WHEREAS I, Roger CASALS ANDREU residing at 107 Aurora Lane in Los Gatos, California 95032 have invented certain new and useful improvements in *COMPUTER READABLE STORAGE MEDIA FOR MULTI-FACTOR AUTHENTICATION AND METHODS AND SYSTEMS UTILIZING SAME*, for which invention I have executed a Utility application for Letters Patent and assigned U.S. Serial No. 13/827,100 and filed on March 14, 2013 with the U.S. Patent and Trademark Office; and which invention is fully described in the specification pertaining to said application; and which claims priority to Provisional Patent Application Serial No. 61/647,191 filed May 15, 2012; and

WHEREAS, PASSWORDBANK TECHNOLOGIES, INC. (hereinafter "Assignee"), a corporation of the state of Delaware, having a place of business at 1901 S. Bascom Avenue, 10th Floor, in Campbell, California 95008, is desirous of acquiring the entire right, title and interest in and to said application and the invention disclosed therein, and in and to all embodiments of the invention, heretofore conceived, made or discovered jointly or severally by said Inventor (all collectively hereinafter termed "said invention"), and in and to any and all patents, inventor's certificates and other forms of protection (hereinafter termed "patents") thereon granted in the United States and foreign countries.

Now, therefore, for and in consideration of One Dollar and other good and valuable considerations, to me in hand paid, the receipt and sufficiency whereof are hereby acknowledged, I have sold, assigned, and set over and by these presents do hereby sell, assign, and set over unto the said assignee and said assignee's legal representatives, successors and assigns, the entire right, title, and interest in and to said invention, said application, and the Letters Patent, both foreign and domestic, that may or shall issue thereon; and I do hereby authorize and request the Commissioner of Patents and Trademarks to issue said Letters Patent to the above-mentioned assignee agreeably with the terms of this assignment.

I hereby authorize the above-mentioned assignee or its legal representative to insert in this instrument the filing date and serial number of our said application or any other information that may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

Upon said consideration, I convey to said assignee the right to make application in its own behalf for protection of said invention in countries foreign to the United States and where

expedient to claim under the International Convention or other international arrangement for any such application the date of the said United States application (or other application if any there be) in priority to other applications; and I do hereby covenant and agree with the said assignee that I will not execute any writing or do any act whatsoever conflicting with these presents, and that I will at any time upon request, without further or additional consideration, but at the expense of the said assignee, execute such additional assignments and other writings and do such additional acts as said assignee may deem necessary or desirable to perfect the assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional renewal, reissued or extended Letters Patent of the United States or of any and all foreign countries on said invention, and in enforcing any rights or chose in action accruing as a result of such application or patents, by giving testimony in any proceedings or transactions involving such applications or patents, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of the assigns and legal representatives of both parties.

IN WITNESS WHEREOF, the said Inventor has executed and delivered this instrument to said Assignee this 8 day of May, 2013.

Roger CASALS ANDREU
