## ASSIGNMENT

For good and valuable consideration, the receipt of which is hereby acknowledged, I, the undersigned inventor, **Joseph Romero**:

Hereby assign and transfer to **Mirco World Corp.**, having a principal place of business at: 1721 Wright Avenue, La Verne, California 91750, United States of America ("Assignee"), its successors, assigns and legal representatives, the entire right, title and interest for the United States and all foreign countries for the invention, including in and to any and all improvements thereto, which are disclosed in the application for United States Letters Patent entitled OPTICAL DEVICE which accompanies this assignment, and in and to said application and all intellectual property associated therewith and any embodiments thereof, including, without limitation, any and all inventions, trade secrets, copyrights (including copyrights to any and all computer software related to said application or any of said embodiments) and all divisional, continuing, substitute, renewal, reissue, and all other applications for Letters Patent which have been or shall be filed in the United States and all foreign countries, including on any of said improvements; and in and to all original and reissued patents which have been or shall be issued in the United States and all foreign countries on said improvements; and in and to all rights of priority resulting from the filing of said United States application;

Agree that said Assignee may apply for and receive Letters Patent for said improvements in its own name; and that, when requested, without charge to, but at the expense of, said Assignee, its successors, assigns and legal representatives, to carry out in good faith the intent and purpose of this Assignment, the undersigned will execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all said improvements; execute all rightful oaths, assignments, powers of attorney and other papers; communicate to said Assignee, its successors, assigns, and representatives, all facts known to the undersigned relating to said improvements and the history thereof; and generally do everything possible which said Assignee, its successors, assigns or representatives shall consider desirable for aiding in securing and maintaining proper patent protection for said improvements and for vesting title to said improvements and all applications for patents and all patents on said improvements, in said Assignee, its successors, assigns and legal representatives;

Acknowledge that all copyrightable works, including computer software, developed in connection with said invention; constitute works-for-hire all rights to which I hereby assign to Assignee, including rights to any compilations and derivative works thereof;

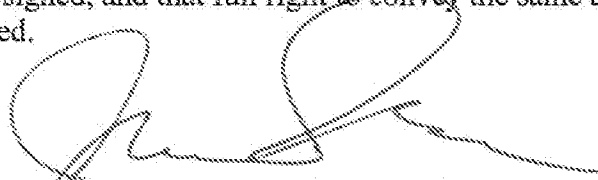

Covenant and agree that I will communicate to Assignee any facts known to me respecting said improvements and other intellectual property, and testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, substitute and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee to obtain and enforce proper legal protection for said improvements and other intellectual property in all countries;

Authorize the Assignee to act as our attorney-in-fact and to sign any and all documentation for the United States or in any foreign country or jurisdiction which are necessary to ensure the compliance with this Assignment; and

ASSIGNMENT

Covenant with said Assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.
