Assignment of Rights: Patent

Kevin Roe, ("Assignor") is the owner of the patented invention entitled "Expert System Safety Screening of Equipment Operators," as described in the U.S. Patent 7,394,392, U.S. Patent and Trademark Office Serial Number 11/150,746, filed June 10, 2005, and issued as a U.S. Patent on July 1, 2008, (the "Patent"). Vehicle Intelligence and Safety LLC, a Nevada LLC (Nevada Business Entity Number E0218122013-5) ("Assignee") desires to acquire all rights in and to the Patent (and any reissues, reexaminations, or substitutes) that may be granted.

Therefore, for valuable consideration, the receipt of which is acknowledged, Assignor assigns to Assignee 100% of his right, title, and interest in the invention and the Patent to the Assignee for the entire term of the issued Patent and any reissues, reexaminations, or substitutes that may be granted.

Assignor authorizes the United States Patent and Trademark Office to record the assignment of the Patent to Assignee according to the percentage interest indicated in this assignment. The right, title and interest are to be held and enjoyed by Assignee and Assignee's successors and assigns as fully and exclusively as it would have been held and enjoyed by Assignor had this assignment not been made.

Assignor further agrees to: (a) execute, verify, acknowledge and deliver all such further papers, including instruments of transfer; and (b) perform such other acts as Assignee lawfully may request to obtain or to maintain the Patent for the invention at the expense of the Assignee.

Assignor: ___/Kevin Roe/_____ Date: ___May 14, 2013_____
