Assignment

NUNC PRO TUNC ASSIGNMENT

WHEREAS, Jack F. Bukowski and Jeffrey Walters (collectively, "Assignors"), are inventors for U. S. Patent App No. 11/672,547 entitled "Tea-Derived Compositions and Methods of Using Same for Cardiovascular Health" and related patent applications (referred to as Intellectual Property) set forth on Appendix A;

WHEREAS, by virtue of an assignment recorded June 7, 2007, at Reel/Frame 019394/0588 in the U.S. Patent and Trademark Office, the Assignors executed and recorded an assignment assigning their rights in Intellectual Property to Heart Guard, LLC, an alleged limited liability company allegedly formed under the laws of the state of Florida;

WHEREAS the assignment to Heart Guard, LLC is void, and otherwise rescinded based, at least in part, on the fact that Heart Guard, LLC never existed and still does not exist as of the date of this NUNC PRO TUNC ASSIGNMENT;

WHEREAS the Assignors intended to assign their rights to IMMUNE GUARD, LLC, a limited liability company formed under the laws of the state of Florida, and having offices at 1300 Seaway Dr., Suite A-3, Ft. Pierce, FL 34949 and not Heart Guard, LLC;

The inventors hereby assign, nunc pro tunc, to IMMUNE GUARD, LLC, the entire right, title, and interest in and to the Intellectual Property, and the invention(s) described therein, both in and for the territory of the United States of America and the entire world, all title and interest in and to said invention(s), patent applications and any patents which may issue thereon, including all divisions, continuations, reissues, continuations-in-part and substitutions thereof, plus all priority rights for patent applications foreign to the United States of America. Assignors further hereby assign and transfer to said IMMUNE GUARD, LLC whatever cause of action Assignors, may have for past or present infringement of said inventions, together with the right to bring suit for any such infringement and to seek and receive damages and other relief arising from any such infringement.

AND, the Assignors hereby further covenant and agree, without further consideration, to communicate with IMMUNE GUARD, LLC, its successors and assigns, any facts known respecting the invention or inventions, and testify in any legal proceedings, sign all lawful papers when called upon to do so, execute and deliver any and all papers that may be necessary or desirable to perfect the title to the invention or inventions in said IMMUNE GUARD, LLC, its successors and assigns, make all rightful oaths and generally do everything possible to aid said IMMUNE GUARD, LLC, its successors and assigns, to obtain, maintain and enforce patent protection for the invention or inventions in the United States, it being understood that any expenses incident to the testifying and execution of such papers shall be borne by said IMMUNE GUARD, LLC, its successors and assigns.
