ASSIGNMENT

WHEREAS, **Thomas Austin Stewart, of Albuquerque, New Mexico, and May D. Nyman of Corvallis, Oregon** have made an invention relating to **Functionalized Surfaces for the Destruction of Pathogens and Organics**, in the course of the work authorized by Contract DE-AC04-94AL85000 between SANDIA CORPORATION and the UNITED STATES DEPARTMENT OF ENERGY, said invention being disclosed and claimed in an application for United States patent, identified as U.S. Patent Application No. 13/720,643, filed **December 19, 2012**, DOE Docket No: S-121786 duly executed by said inventors and

WHEREAS Inventors, in consideration of employment by Sandia Corporation, have assigned to Sandia Corporation, its successors and assigns, all of Inventors' rights to inventions, discoveries, or improvements made or conceived in the course of his employment; and

WHEREAS, title to the above-identified invention vests in the Government of the United States, as represented by the U.S. Department of Energy, as governed by 42 U.S.C. 5908; and

WHEREAS, the Government of the United States, as represented by the U.S. Department of Energy has granted a waiver of Government rights in the above-identified invention to Sandia Corporation; and

THEREFORE, Inventors hereby sell, assign, and transfer unto Sandia Corporation their entire right, title, and interest in and to said invention and in and to all resulting patents, wherever they may be granted, as well as reissues or extensions of said patents, to the extent that Inventors' right, title, and interest in and to said invention has not already been sold, assigned, or transferred to Sandia Corporation by Inventors in consideration of Inventors' employment by Sandia Corporation.

Inventors covenant with Sandia Corporation that, except for the rights, if any, of the Government, their interest in the rights and property herein conveyed is free and clear of any encumbrance and that they have full right to convey the same as herein expressed. They agree, at the request of Sandia corporation, to make, execute, and deliver to Sandia Corporation, the Government, or other party prosecuting patent applications on this invention, any and all papers, documents, affidavits, applications, statements or other instruments relating to said invention, take all rightful oaths and do all acts as may reasonably be required of them in or incident to the prosecution of any or all applications on said invention or in the adjustment or settlement of any interferences or other actions or proceedings that said applications or patents thereon may encounter or in which they may become involved.

Signed at Albuquerque, New Mexico.
