**ASSIGNMENT**

This Assignment is made by BINZER, Lothar Dan, of 27342 Gloucester Way, Langley, British Columbia V4W 4A1, Canada (the "Assignor") to Canadian Heating Products Inc. having a place of business at 27342 Gloucester Way, Langley, British Columbia V4W 4A1, Canada (the "Assignee");

WHEREAS, Assignor has invented a new and useful invention (the "Invention") entitled COOLING SYSTEM FOR GAS FIREPLACE for which a patent application will be filed substantially contemporaneously with the filing of this assignment (the "Application");

WHEREAS, Assignor believes themselves to be the first and original inventor of the Invention disclosed and claimed in said patent application; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment the entire worldwide right, title and interest in and to said Invention, said Applications, and any patent that may be granted for said Inventions anywhere in the world;

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) and of other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns and transfers to Assignee, the entire worldwide right, title and interest in and to said Invention, said Applications, any applications in other countries for the same Invention and any patent that may be granted for said Invention anywhere in the world, including the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties or otherwise.

Further, Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, they and their legal representative(s) and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing or enforcing any patent as may issue anywhere in the world for said Invention; and for perfecting, recording or maintaining the title of Assignee, its successors and assigns, to said Invention, said Applications, and any patent granted for said Invention anywhere in the world.

Further, Assignor agrees to provide, upon request, copies of all documents pertaining to the conception or development of the Invention.

Assignor represents and warrants that they have not granted and will not grant to any other any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries or patent organizations to issue any patent granted for said Invention, whether on said Applications or on any subsequently filed division, continuation, continuation-in-part or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in said Invention.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date written herein below.
