ASSIGNMENT

This assignment is made by **Owen Jones** and **Lawrence R. Fincham**, both citizens of the United Kingdom ("Assignors") to **THX Ltd**, ("Assignee") a company organized and existing under and by the virtue the laws of the State of Delaware and having its principal place of business at 1600 Los Gamos Drive, Suite 130, San Rafael, California 94903-1807.

WHEREAS, Assignors have invented a certain invention entitled TRACKING POWER SUPPLY WITH INCREASED BOOST CAPABILITY for which an application for United States Letters Patent

was filed on **March 12, 2013** and given Application No. **13/797,473**

is being filed herewith; and

WHEREAS, Assignors believe themselves to be the original, first and joint inventors of the invention disclosed and claimed in said application for Letters Patent; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment the entire right, title and interest in and to said invention, said application and any Letters Patent or similar legal protection that may be granted for said invention in the United States and throughout the world;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors hereby sell, assign and transfer to Assignee, its successors and assigns, the entire right, title and interest in and to said invention, said application and any Letters Patent or similar legal protection that may be granted for said invention in the United States and throughout the world, including the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights in which such applications are entitled under international conventions, treaties, or otherwise.

Further, Assignors agree that, upon request and without further compensation, Assignors and their legal representatives will do all lawful acts, including the execution of papers, disclosure of pertinent facts and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing Letters Patent in the United States and throughout the world for said invention, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said invention, said application, and any Letters Patent or legal equivalents for said invention in the United States and throughout the world.

Assignors represent and warrant that they have not granted and will not grant to others any rights, nor make any assignment, sale, agreement or encumbrance, inconsistent with the rights granted herein.

Assignors authorize and request the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters Patent or legal equivalent thereof for said invention, whether on said application or on any subsequently filed division, continuation, continuation-in-part or reissue application, to Assignee, its successors and assigns, in accordance with this Assignment.

IN WITNESS WHEREOF, Assignor has executed this Assignment on this
