For valuable consideration, the receipt and legal sufficiency of which I acknowledge, I have sold and do hereby sell, assign, transfer and set over unto DOUGLAS CRAWFORD, his successors and assigns, one-half of my right, title and interest in and to the invention and all improvements thereon, in and to the application for letters patent thereon, in and to applications pertaining to or based upon the invention and application, including divisional and continuing applications and continuations-in-part, and in and to any and all letters patent which may be granted and issued on the invention and applications, or any of them, in the United States of America, its territories and possessions, and in all countries foreign thereof, together with and including all priority rights based upon any and all applications in the United States of America covered by this Assignment.

I also agree that I will, at the request of DOUGLAS CRAWFORD, execute any and all applications for letters patent for the invention, execute any and all other papers and documents and to all other and further lawful acts that DOUGLAS CRAWFORD may deem necessary or desirable to obtain letters patent on the invention, to secure the grant of such letters patent and to protect and vest in DOUGLAS CRAWFORD the one-half of my interests in the right, title and interest in the invention, applications and letters patent.

I also authorize and empower DOUGLAS CRAWFORD, his successors and assigns to apply for and obtain, in his, its or their name(s), letters patent for the invention before competent International Authorities and in any and all counties foreign to the United States in which applications for letters patent can be so made or letters patent so obtained.

It is the intent of this assignment that DOUGLAS CRAWFORD be a co-owner of this patent application with the other co-owners being Mamdooh Ghoneum and Huseyin Ziya Ozel.
