**Assignment of Rights, Title and Interest in Invention
(Patent Owner)**

Whereas the above-identified patent owner (Owner) has acquired the entire right, title and interest in the above-listed patents and patent applications (Property);

And, the Owner desires to assign its entire right, title and interest in the Property to the above-listed assignee;

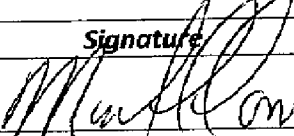

Now, this indenture witnesseth, that for good and valuable consideration, the receipt whereof is hereby acknowledged;

Owner hereby assigns, sells and transfers its entire rights, title and interest in said Property, and more specifically for the above-listed pending applications, said rights including ownership rights to any divisions, continuations, and continuations-in-part thereof, and in and to any and all Letters Patent of the United States, and countries foreign thereto, which may be granted or have been granted for any application claiming priority from any one of said above-listed applications, and in and to any and all reissues and reexaminations thereof, and in and to any and all priority rights, Convention rights, and other benefits accruing or to accrue to us with respect to the filing of applications for patents or securing of patents in the United States and countries foreign thereto, unto said Assignee;

And Owner hereby authorizes and requests the Director of the United States Patent and Trademark Office to issue any United States Letters Patent which may issue from any above-listed application to the above-listed Assignee, as assignee of the whole right, title and interest thereto;

And Owner further agrees to sign and execute all necessary and lawful future documents, including applications for foreign patents, for filing divisions, continuations and continuations-in-part of said application for patent, and/or, for obtaining any reissue or reissues of any Letters Patent which may be granted for the aforesaid Property, which the Assignee or its Designee(s) may from time to time require and prepare at its own expense.
