ASSIGNMENT

WHEREAS, I, Douglas Arthur Sumner, Sr. of 25390 S.W. Gimm Lane, Sherwood, Oregon 97140 U.S.A. (hereinafter the "Assignor") have rights to United States patent number 8,037,812, which issued on October 18, 2011, (hereinafter the "Patent") and is directed to new and useful improvements in a BOTTOM OPENING FRYER BASKET (hereinafter the "Invention").

WHEREAS, PRH1, LLC, a limited liability company organized under the laws of the State of Washington and having a mailing address of P.O. Box 1683, Brush Prairie, Washington 98606 U.S.A. (hereinafter the "Assignee") is desirous of acquiring the entire right, title and interest to the Patent or industrial property right that may be granted in the United States and any other country of the world for the Invention.

NOW, WHEREAS AND IN ACCORDANCE WITH THE PROVISIONS SET FORTH HEREIN, that for and in consideration of a sum of Ten Dollars (USD), in hand paid to me, and other good and valuable consideration, the receipt of which I hereby acknowledge, I do hereby assign, sell and transfer to the Assignee the entire right, title and interest in and to the Patent and in and to the Invention, and in and to all nonprovisional applications for patent of the United States claiming priority to the Patent, such as continuing applications including divisional applications, and in and to any patent of the United States and all reissues and extensions thereof that may be granted for the Invention, together with the right to extend the protection for the patent to the various territorial possessions now owned or which may be hereafter acquired by the United States of America, and in and to any application for patent or other right for industrial property for the Invention in any other country of the world, and in and to any patent granted for the Invention in any other country of the world, including all reissues and extensions thereof, and in and to any industrial property right granted for the Invention in any other country of the world, together with all rights of priority granted by local laws and treaties including any international convention, for the protection of industrial property, all rights conveyed herein to be held and enjoyed by the Assignee for its own use and behoof, and for the use and behoof of its successors or assigns, to the full end of the term of the Patent and to the full end of the term for which any patent or industrial property right for the Invention is enforceable, as fully and entirely as the same would have been held and enjoyed by me if this assignment had not been made. I do hereby request and authorize that any and all patent and any and all industrial property right, when granted, be issued in accordance with this assignment to the Assignee.

WHEREAS, In further consideration of the sum of Ten Dollars (USD), and the other good and valuable consideration, to me paid, I covenant and agree with the Assignee that it has a full and unencumbered title to the Patent and to the Invention hereby assigned, which title I warrant unto the Assignee, and I further agree that I will, without demanding any further consideration therefor, at the request but at the expense of the Assignee, do all lawful and just acts, including executing and acknowledging instruments, furnishing information, and giving testimony that may be or become necessary for obtaining, sustaining, or reissuing United States and foreign patents and any industrial property right for the Invention, and for maintaining and perfecting the Assignee's right to the Patent and any patent and industrial

review proceeding before the United States Patent and Trademark Office or any foreign intellectual property office, and litigation in the United States and any other country.
