### PATENT ASSIGNMENT

WHEREAS, I, Steve Hill, a U.S. citizen, (hereinafter "ASSIGNOR"), have invented certain new and useful improvements in "SELF CONTAINED INFORMATION DECK" (hereinafter "Invention"), for which United States Patent Application No. 13/672,216, was filed on November 8, 2012 (hereinafter "Application").

WHEREAS, The Bernhill Group, LLC, a limited liability company organized under the laws of the State of Texas, doing business as **Spinfos** (hereinafter "ASSIGNEE"), whose principle place of business is 3262 Westheimer Road, Suite 204, Houston, Texas, 77098, USA, is desirous of acquiring the entire right, title and interest in, to and under the Invention and the Applications and patents to be obtained thereon;

NOW, THEREFORE, in consideration of the payment by ASSIGNEE to ASSIGNOR the sum of Ten Dollars (\$10.00), the receipt of which is hereby acknowledged, and for other good and valuable consideration, ASSIGNOR does hereby sell, assign and transfer and set over to ASSIGNEE, its successors, legal representatives and assigns, the entire right, title and interest, throughout the world, in the Invention and the Applications, and any other intellectual property rights in the Invention including, but not limited to, any patent rights, and any patent application(s), claiming priority thereto, that have been or may hereafter be filed;

ASSIGNOR hereby covenants that no assignment, sale, agreement, charge, or other encumbrance, has been, or will be, entered into which would conflict with this assignment;

ASSIGNOR does hereby covenant and agree to provide any tangible property embodying or describing the Invention, including, without limitation, all documents, drawings, prototypes, models, test results, designs, materials, computer programs and data, and the like, which, if not presently in the possession of ASSIGNEE will be delivered to ASSIGNEE immediately upon request;

ASSIGNOR does hereby covenant and agree, that without any further compensation, he will do everything possible to aid ASSIGNEE, its successors, legal representatives and assigns to obtain and enforce proper patent protection for the Invention in all countries, including assisting with the preparation of any application(s) relating to the Invention; or claiming priority thereto. Should ASSIGNOR be unreachable, uncooperative, deceased, or otherwise unavailable to sign documentation deemed necessary to ASSIGNEE for the prosecution or

enforcement of said Invention, ASSIGNOR does hereby instruct ASSIGNEE or its representative to sign such documents on his behalf;

ASSIGNOR does hereby covenant and agree not to contest the validity or enforceability of any intellectual property rights assigned herein, or to assist, or request, any third party to contest the validity or enforceability of any intellectual property rights assigned herein;

ASSIGNOR does hereby release and forever discharge ASSIGNEE from any and all claims, including but not limited to any debts, liabilities, damages and causes of action of whatsoever kind or nature relating to the Invention, whether or not known, suspected and unsuspected, including any and all previous agreements entered into, which now exist, or may have existed prior to the date of this assignment. ASSIGNOR hereby empowers his legal representatives, holding Power of Attorney to prosecute applications before the USPTO, to add clerical, administrative and serial number details to the instant document in advance of filing the same with the USPTO, or other required International bodies and Patent Offices for the purpose of perfecting the same.

IN WITNESS WHEREOF, I have executed this instrument at Houston, Texas, on the date indicated adjacent to my name.
