ASSIGNMENT

WHEREAS, **Roel Vertegaal** of 2251 Wellington Street, Battersea, Ontario K0H 1H0, Canada; hereinafter referred to as "ASSIGNOR", is the inventor of the invention described and set forth in United States Patent Application Serial No. 10/392,960, filed on March 21, 2003, and in Canadian Patent Application No. 2,423,142, filed on March 21, 2003, and entitled **Method and Apparatus for Communication Between Humans and Devices**; and

WHEREAS, Queen's University at Kingston, located at Kingston, Ontario, K7L 3N6, Canada, hereinafter referred to as "ASSIGNEE", is desirous of acquiring an interest in the invention and patent applications and in any Letters Patent and Registration which may be granted thereon, and in any patent application and Letters Patent and Registration claiming priority from the same;

For the sum of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged by Assignor, Assignor does hereby assign to Assignee all right, title, and interest, including priority rights, in and to the invention and applications and to all foreign counterparts (including patents, utility models, and industrial designs), and in and to any Letters Patent and Registration which may hereafter be granted thereon, and in and to any patent application claiming priority from the same, in Canada, the United States, and all countries throughout the world. The right, title, and interest is to be held and enjoyed by Assignee and Assignee's successors and assigns as fully and exclusively as it would have been held and enjoyed by Assignor had this Assignment not been made, for the full term of any Letters Patent and Registration which may be granted thereon, or of any division, renewal, continuation, substitution, conversion, reissue, prolongation, or extension thereof.

Assignor further agrees that he will, without charge to Assignee, but at Assignee's expense, (a) cooperate with Assignee in the prosecution of patent applications and foreign counterparts on the invention, (b) execute, verify, acknowledge and deliver all such further papers, including applications and instruments of transfer, and (c) perform such other acts as Assignee lawfully may request to obtain or maintain Letters Patent and Registration for the invention in any and all countries, and to vest title thereto in Assignee, or Assignee's successors and assigns.

Assignors hereby authorize and request the Commissioner of Patents or the Comptroller (as the case may be) to issue any and all Letters Patent and Registration for said invention or resulting from said application, or from any division, renewal, continuation, substitution, conversion, reissue, prolongation, or extension thereof, to Assignee, as Assignors' sole Assignee.

In testimony whereof I have hereunto set my hand:

this 15 day of July 2003

Roel Vertegaal

CERTIFICATE

City of Kingston)
Province of Ontario)

On this 15 day of July 2003 appeared before me in person the above **Roel Vertegaal** and acknowledged the above to be his signature, and that he signed and delivered the above instrument as his voluntary act and deed for the purposes herein set forth.

Stephen J. Scribner
