PATENT

ASSIGNMENT

In consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, each Assignor named below hereby assigns and confirms that the Assignor has assigned to the Assignee named below, whose address is as shown below, all of the Assignor's interest for Canada, the United States and the entire world in the following listed patent application, the inventions described therein, any patent granted from the patent application, and any patent or patent application claiming domestic or foreign priority from the patent applications including the right to claim priority from the patent application under any national law or international convention:

Patent application entitled: **PISTON ENGINE**

United States provisional no. 6166767 filed June 29, 2012 under title Swing Piston Engine

United States non-provisional No.13/930,562 filed June 28, 2013

Assignor will, without further consideration, but at the expense of Assignee, do all such things and execute all such documents as may be necessary or desirable to obtain and maintain patents for the inventions and for additions and modifications thereto in any country.

Assignor enters into this assignment freely, and consents to disclosure of all personal information contained herein to the extent required to prosecute, maintain and enforce the rights assigned.

This assignment is governed by the laws of Alberta, Canada.
