AND:

WHEREAS the Assignor, as co-inventor with the Assignee, has invented certain new and useful improvements as described in the patent application entitled:

BLOOM COMPOSITIONS, METHODS OF EXTRACTION AND USES THEREOF

for which a United States provisional patent application no. **61/430,965** was filed on **January 8, 2011** and a PCT International patent application no. **PCT/CA2012/000020** was filed on **January 6, 2012** (the "Applications");

WHEREAS the Assignee has acquired from the Assignor the whole right, title and interest for the United States, Canada and all other countries in and to the invention and in and to any Letters Patent that may be obtained therefor, and in and to the Applications, and in and to any applications claiming priority therefrom or the benefit thereof, and any national phase entries and related divisionals, continuations, reissues and extensions of such applications.

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration, the receipt of all of which is hereby acknowledged, the Assignor confirms that he has sold, assigned and transferred and do hereby sell, assign and transfer unto the Assignee, the full and exclusive right to the Applications in the United States, Canada and all other countries, the entire right, title and interest in and to any and all Letters Patent which may be granted therefor, and the entire right, title and interest in and to the Applications, and in and to any applications claiming priority therefrom or the benefit thereof, and any national phase entries and related divisionals, continuations, reissues and extensions of such applications.

The Assignor agrees that he will, without further consideration, do all such things and execute all such documents as may be necessary or desirable to obtain and maintain patents for the Applications, and in and to any applications claiming priority therefrom or the benefit thereof, and any national phases entries and related divisionals, continuations, reissues and extensions of such applications, and for additions and modifications thereto in any and all countries, and to vest title thereto in the Assignee, their successors, assigns and legal representatives or nominees.

The Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States of America, the Canadian Intellectual Property Office and any official of any country or countries foreign to the United States and to Canada whose duty it is to issue patents on applications as aforesaid, to issue any said Letters Patent to the Assignee of the entire right, title and interest in and to the same, for their sole use and benefit, and for the use and benefit of their successors and assigns, to the full end of the term for which the Letters Patent may be granted as fully and entirely as the same would have been held by the Assignor had this assignment and sale not been made.
