PATENT

ASSIGNMENT

WHEREAS, I, **ARTHUR L. JENKINS III**, have invented or co-invented certain new and useful inventions and improvements, disclosed in:

- a United States Provisional Patent Application entitled "DYNAMICALLY REACTIVE SPINAL SUPPORT SYSTEM" (application number US 61/257,793), filed on November 3, 2009; and in the International Patent Application (PCT/US10/55043) claiming priority benefits therefrom, filed on November 2, 2010; and
- a United States Continuation in Part Patent Application entitled "DYNAMICALLY REACTIVE SPINAL SUPPORT SYSTEM" (application number 13/195,826), filed on August 1, 2011 as a child of the United States national stage patent application under the above International Patent Application.

AND WHEREAS **PEMAQUID HOLDINGS LLC**, a limited liability corporation (hereafter, together with any successors, legal representatives or assigns thereof, called "Assignee"), wants and is entitled to acquire the entire right, title and interest in and to said inventions, improvements and application.

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, I have sold, assigned, transferred and set over, and do hereby sell, assign, transfer and set over to Assignee the entire right, title and interest in and to said inventions and improvements, and said applications, and all utility applications, divisional applications, substitution applications, continuation applications and continuation-in-part applications thereof, and all United States Letters Patents which may be granted thereon and all reissues and extensions thereof, and all priority rights under the International Convention for the Protection of Industrial Property for every member country, and all applications for patents (including related rights such as utility-model registrations, inventor's certificates, and the like) heretofore or hereafter filed for said inventions and improvements in any foreign countries and/or regions, or in international patent application processes for subsequent filing in foreign countries and/or regions, and all patents (including all extensions, renewals and reissues thereof) granted for said inventions and improvements in any foreign countries and/or regions; and I hereby authorize and request the United States Commissioner of Patents and Trademarks, and any officials of foreign countries or regions or international patent processing authorities whose duty it is to issue patents on applications as aforesaid, to issue all patents for said inventions and improvements to Assignee in accordance with the terms of this assignment;

AND I HEREBY covenant that I have full right to convey the entire interest herein assigned, and that I have not executed, and will not execute, any agreement in conflict herewith;

AND I HEREBY further covenant and agree that I will communicate to Assignee any facts known to me in respect of said inventions and improvements, and testify in any legal proceeding, sign all ~~lawful~~ papers, execute all divisional, continuation, continuations-in-part, substitute and reissue applications or other similar applications, make all rightful oaths and generally do everything possible to aid Assignee to obtain and enforce proper patent protection for said inventions and improvements in all countries.

IN TESTIMONY WHEREOF, I hereunto set my hand this 22 day of November 2011.
