OP \$40.00 12899442

Attorney Docket: JP1604
Client Reference: Spitwad Bullet
Invention Title: A DEHYDRATED, PULP-BASED PROJECTILE

ASSIGNMENT

WHEREAS, I, Gabriel Carlson of 6460 West 80th Place, Los Angeles, CA 90045, United States of America (hereinafter "Assignor") have invented certain new and useful improvements in **A DEHYDRATED, PULP-BASED PROJECTILE** (hereinafter "Invention") for which an application for a United States Utility Patent was filed on October 6, 2010, Application Number 12/899,442, and/or for which Assignors are making or have made foreign applications for intellectual or industrial property protection under the appropriate bodies of law corresponding to those foreign jurisdictions.

AND

WHEREAS, JAKKS Pacific, Inc., a corporation organized and existing under the laws of the State of Delaware and having a place of business at 22619 Pacific Coast Highway, Malibu, CA. 90265, United States of America, (hereinafter "Assignee"), is desirous of acquiring the entire right, title, and interest in the Invention within the United States of America and its territorial possessions, and in all foreign countries in which intellectual or industrial property protection may be granted therefor.

NOW, THEREFORE, for good and valuable consideration, the receipt whereof I hereby acknowledge, I, the Assignor desire to and do hereby assign, sell, and transfer unto Assignee the full and exclusive right to the Invention in the United States of America and its territorial possessions and in all foreign countries and jurisdictions, as well as, the entire right, title and interest in and to any and all intellectual or industrial property rights including, but not limited to, patents, designs, utility models, and inventor certificates which may be granted therefor in the United States of America and its territorial possessions and in all foreign countries and jurisdictions. I hereby authorize and request the U.S. Patent and Trademark Office and the equivalent offices of foreign countries and jurisdictions, to issue to the Assignee, any and all applicable intellectual or industrial property rights in the Invention, for the Assignee's sole use and benefit, for the full extent of the term for which United States and foreign patents and the like may be granted, as fully and entirely as the same would have been held by me had this assignment and sale not been made.

I further covenant and agree with the Assignee that I have full and unencumbered title to the invention hereby assigned, which title I warrant unto the Assignee, and I further agree that I will, without demanding any further consideration therefor, and at the request and at the expense of the Assignee, do all lawful and just acts, including the execution and acknowledgment of instruments, that may be or become necessary for obtaining, sustaining, extending, reissuing, or reexamining United States and foreign patents or the like for the Invention, and for maintaining and perfecting the Assignee's right to the Invention and any and all intellectual or industrial property rights therein, particularly in cases of interference, conflict, opposition, and litigation.

IN TESTIMONY WHEREOF, I have hereunto set my hand.

Executed this 3 day of July, 2013,
at LOS ANGELES (city).
