WORLDWIDE ASSIGNMENT

WHEREAS, I, the below named inventor, (hereinafter Assignor), have made invention(s) described in the following patent application(s):

ROTATING STALL DETECTION USING OPTICAL MEASUREMENT OF BLADE UNTWIST

for which U.S. Non-Provisional Patent Application No. 13/936,561 was filed on July 8, 2013;

WHEREAS, **Prime Photonics, LC** a corporation of the Commonwealth of Virginia in the United States of America, whose address is 1116 S. Main Street, Suite 200, Blacksburg, VA 24060, USA, (hereinafter Assignee), is desirous of securing the entire right, title, and interest in and to these inventions in all countries throughout the world, and in and to the above-identified patent application and all national patent applications based on it or claiming benefit of or to it throughout the world, and any Letters Patent to be issued upon all applications based on this application or claiming benefit of or to it throughout the world;

NOW THEREFORE, effective as of the earliest priority date claimed for the patent application, be it known that for good and valuable consideration, the receipt of which from Assignee is hereby acknowledged, I as Assignor, have sold, assigned, transferred, and set over, and do hereby sell, assign, transfer, and set over unto Assignee, its lawful successors and assigns, the entire worldwide right, title, and interest in and to the above-referenced inventions and the above-referenced application, and all Letters Patents of all countries throughout the world that might be granted thereon, and I hereby authorize and request all officials of all foreign countries whose duty it is to issue patents on applications as described above, to issue all Letters Patent for these inventions to Assignee, its successors and assigns, in accordance with the terms of this Assignment;

AND, I HEREBY covenant that I have the full right to convey the interest assigned by this Assignment, and I have not executed and will not execute any agreement in conflict with this Assignment;

AND, I HEREBY further covenant and agree that I will, without further consideration, communicate with Assignee, its successors and assigns, any facts known to me respecting these inventions, and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver any and all papers that might be necessary or desirable to perfect the title to these inventions in Assignee, its successors and assigns, execute all divisional, continuation, and reissue applications, make all rightful oaths, and generally do everything possible to aid Assignee, its successors and assigns, to obtain and enforce proper patent protection for these inventions in all countries, it being understood that any expense incident to the execution of such papers shall be borne by Assignee, its successors, and assigns.
