WHEREAS, pursuant to that certain Security Agreement by and between Lender and Company dated November 6, 2012 (the "Security Agreement"), Company granted Lender a continuing security interest in all of Company's right, title and interest in and to the general intangibles and other collateral described in the Security Agreement (collectively the "Collateral"), including, without limitation, United States patent application #13738644 *Refractometer with a Remote Wavefront Generator*, filed January 10, 2013 and United States patent application #13738777 *Intra-Ocular Lens Optimizer*, filed January 10, 2013 (the "Patent Applications"); and

WHEREAS, Company and Lender entered into the Security Agreement in order to secure the obligations of the Company under the terms of a certain promissory note also dated November 6, 2012, which the parties acknowledge and agree has been paid in full; and

WHEREAS, a true and correct copy of the Security Agreement was recorded by the United States Patent and Trademark Office (the "USPTO") on June 4, 2013, at Reel 030555, Frame 0657; and

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Lender hereby:

1. terminates the Security Agreement and hereby terminates, cancels and releases any and all security interests it has against the Collateral; and
2. releases and reassigns to the Company any and all liens, security interests, right, title and interest of the Lender in the Collateral (including pursuant to the Security Agreement), without recourse or representation or warranty, express or implied; and
3. authorizes and requests the Commissioner of Patents and Trademarks of the United States of America to note and record the existence of the termination and release hereby given; and
4. authorizes the Company to file this Release in the USPTO; and
5. upon the reasonable request and at the sole expense of Company, Lender shall take all further actions, and provide to Company and its successors, assigns or other legal representatives, all such cooperation and assistance (including, without limitation, the execution and delivery of any and all documents or other instruments) requested by Company to more fully and effectively effectuate the purposes of this Release.
