DOMESTIC SUBSIDIARY PATENT SECURITY AGREEMENT

This Domestic Subsidiary Patent Security Agreement (this "Agreement") is dated July 16th, 2013 (the "Effective Date"), by (i) each of: (A) Biological Recovery, Group, Inc., a Delaware corporation, (B) RTI Services, Inc., a Delaware corporation, (C) Regeneration Technologies, Inc. - Cardiovascular, an Alabama corporation, (D) Tutogen Medical, Inc., a Florida corporation, (E) Tutogen Medical (United States), Inc., a Florida corporation, (F) Pioneer Surgical Technology, Inc., a Michigan corporation, (G) Pioneer Surgical Orthobiologics, Inc., a Delaware corporation, and (H) Angstrom Acquisition Corp. II, a Delaware corporation (each, a "Domestic Subsidiary"); and delivered to (ii) TD Bank, N.A., a national banking association, as administrative agent (in such capacity, the "Administrative Agent") for itself and the other lending institutions ("Lenders") which are or may become parties to that certain Second Amended and Restated Loan Agreement, dated as of the Effective Date (as amended, modified, supplemented or restated and in effect from time to time, the "Loan Agreement"), by and among RTI Surgical, Inc., a Delaware corporation formerly known as RTI Biologics, Inc. ("Borrower"), Lenders and the Administrative Agent.

This Agreement is being executed contemporaneously with that certain Security Agreement, dated the Effective Date, between each Domestic Subsidiary and Administrative Agent (as it may be supplemented, restated, superseded, amended or replaced from time to time, the "Security Agreement"), under which each Domestic Subsidiary is granting Administrative Agent a lien on and security interest in certain assets of such Domestic Subsidiary associated with or relating to services or products sold under such Domestic Subsidiary's Patent Collateral (as defined in Section 1), and under which Administrative Agent is entitled to foreclose or otherwise deal with such assets under the terms and conditions set forth therein.

Each Domestic Subsidiary has rights with respect to: (i) the United States Letters Patents and the inventions and improvements described, disclosed and claimed therein set forth on Exhibit A, and in any patents or similar registrations and protections obtained for the foregoing in all countries foreign to the United States of America, including all rights under any and all international conventions and treaties (collectively, the "Patents"); (ii) the applications for Letters Patents and the inventions and improvements described, disclosed and claimed therein set forth on Exhibit A and any United States Letters Patents which may be issued upon any of said applications, and any divisionals, continuations, continuations in part, continuing prosecution applications, and any related applications and other applications claiming priority from, or the benefit of, any of the foregoing, and in any applications or similar filings for protection made or obtained for the foregoing in all countries foreign to the United States of America, including all rights under any and all international conventions and treaties (collectively, the "Applications"); (iii) any reissues, reexaminations, renewals, substitutes and extensions thereof (collectively, the "Reissued Patents"); and (iv) all proceeds from any causes of action for infringement, and any and all royalties for any licenses thereof, future royalties or proceeds or other fees paid or payments made to Borrower in respect of the Patents or Patent Applications or Reissued Patents (collectively, the "Royalties"; the Patents, the Applications, the Reissued Patents and the Royalties are referred to collectively as the "Patent Rights").

Pursuant to the Loan Agreement, Administrative Agent on behalf and for the benefit of Lenders is acquiring a lien on and security interest in the Patent Collateral of each Domestic Subsidiary and the registration thereof, as security for all of Borrower's Obligations (as defined in the Loan Agreement), and Administrative Agent desires to have its security interest in such Patent Collateral confirmed by a document identifying same and in such form that it may be recorded in the United States Patent and Trademark Office.

Now, therefore, with the foregoing background hereinafter deemed incorporated by reference and made a part hereof, and in consideration of the premises and mutual promises herein contained, the parties hereto, intending to be legally bound hereby, covenant and agree as follows:

1. In consideration of and pursuant to the terms of the Loan Agreement, and for other good, valuable and sufficient consideration, the receipt of which is hereby acknowledged, and to secure Borrower's Obligations, each Domestic Subsidiary grants to Administrative Agent on behalf and for the benefit of Lenders a lien on and security interest in all of the Patent Rights of such Domestic Subsidiary and all proceeds thereof and all such Domestic Subsidiary's right, title, interest, claims and demands that such Domestic Subsidiary has or may have in profits and damages for past and future infringements of the Patent Rights (such rights, interest, claims and demand referred to as the "Claims"; the Patent Rights and Claims are collectively referred to as the "Patent Collateral").

2. Each Domestic Subsidiary hereby covenants and agrees to maintain the Patent Collateral as permitted under applicable law in full force and effect until all of Borrower's Obligations are indefeasibly paid and satisfied in full.

3. Each Domestic Subsidiary represents and warrants to Administrative Agent that, with respect to all Patent Collateral material to Borrower or such Domestic Subsidiary's operations as of the Closing Date: (a) such Domestic Subsidiary is the sole and exclusive owner of the entire and unencumbered right, title and interest in and to such Patent Collateral as set forth on Exhibit A; (b) such Patent Collateral is subsisting and has not been adjudged invalid or unenforceable; (c) all of the Patent Rights are registered, valid and enforceable; (d) such Patent Collateral is free and clear of any liens, charges and encumbrances including, without limitation, pledges, assignments, licenses (other than to such Domestic Subsidiary and Administrative Agent hereunder) and covenants by such Domestic Subsidiary not to sue third persons; (e) such Domestic Subsidiary has no notice of any suits, actions or administrative proceedings or changes to such Patent Rights, commenced or threatened against it, or notice of claims asserted or threatened against it, with reference to such Patent Collateral; (f) such Domestic Subsidiary has the unqualified right, power and authority to enter into this Agreement and perform its terms; (g) such Domestic Subsidiary has complied with, and will continue for the duration of this Agreement to comply with the requirements set forth in 35 U.S.C. §1 et seq. and any other applicable statutes, rules and regulations in connection with its use of such Patent Collateral, including the timely payment of all maintenance fees, except where failure to comply would not have a Material Adverse Effect; and (h) such Domestic Subsidiary has used and will continue to use for the duration of this Agreement, consistent standards of quality in services or products leased or sold under such Patent Collateral and hereby grants to Administrative Agent and its employees and agents the right (with no obligation of any kind upon Administrative Agent to do so) to visit such Domestic Subsidiary's affiliates, franchises or management locations and to inspect the use of such Patent Collateral and quality control records relating thereto at reasonable times during regular business hours to ensure such Domestic Subsidiary's compliance with this Section 3(h).

4. Each Domestic Subsidiary covenants that: (a) until all the Borrower's Obligations due under the Loan Documents are indefeasibly paid and satisfied in full, such Domestic Subsidiary will not enter into any agreement, including, without limitation, license agreements or options, which are inconsistent with such Domestic Subsidiary's obligations under this Agreement, Borrower's obligations under the Loan Agreement or which restrict or impair Administrative Agent's rights hereunder; and (b) if such Domestic Subsidiary acquires rights to any new Patent Collateral, or Patent applications or inventions or improvements, the provisions of this Agreement shall automatically apply thereto and such Patent Collateral shall be deemed part of the Patent Collateral. Each Domestic Subsidiary shall give Administrative Agent prompt written notice thereof along with an amended Exhibit A.

5. So long as this Agreement is in effect and so long as Borrower has not received notice from Administrative Agent that an Event of Default has occurred and is continuing under the Loan Agreement and that Administrative Agent has not elected to exercise its rights hereunder: (a) such Domestic Subsidiary shall continue to have the exclusive right to use the Patent Collateral material to its operations; and (b) except as otherwise permitted under the Loan Agreement, Administrative Agent shall have no right to use the Patent Collateral or issue any exclusive or non-exclusive license with respect thereto, or assign, pledge or otherwise transfer title in the Patent Collateral to anyone else.

6. Each Domestic Subsidiary agrees not to sell, license, grant any option, assign or further encumber its rights and interest in the Patent Collateral to any entity or person other than Administrative Agent without the prior written consent of Administrative Agent.

7. Except as otherwise permitted under the Loan Agreement, anything herein contained to the contrary notwithstanding, if and while an Event of Default exists under the Loan Agreement, each Domestic Subsidiary hereby covenants and agrees that Administrative Agent, as the holder of a security interest under the Uniform Commercial Code, as now or hereafter in effect from time to time, in the State of Florida, may take such action permitted hereunder, in its exclusive discretion, to foreclose upon the Patent Collateral covered hereby. For such purposes, while an Event of Default exists, such Domestic Subsidiary hereby authorizes and empowers Administrative Agent to make, constitute and appoint any officer or agent of Administrative Agent as Administrative Agent may select, in its exclusive discretion, as such Domestic Subsidiary's true and lawful attorney-in-fact, with the power to endorse such Domestic Subsidiary's name on all applications, documents, papers and instruments necessary for Administrative Agent to use the Patent Collateral or to grant or issue any exclusive or non-exclusive license under the Patent Collateral to anyone else, or necessary for Administrative Agent to assign, pledge, convey or otherwise transfer title in or dispose of the Patent Collateral to anyone else including, without limitation, the power to execute a Patent Assignment in the form of Exhibit B. Each Domestic Subsidiary hereby ratifies all that such attorney or agent shall lawfully do or cause to be done by virtue hereof, except for the gross negligence or willful misconduct of such attorney or agent. This power of attorney shall be irrevocable for the life of this Agreement, the Loan Documents, and until all Borrower's Obligations under the Loan Documents are indefeasibly paid and satisfied in full.

8. This Agreement shall be subject to the terms, provisions, and conditions set forth in the Loan Agreement and may not be modified without the written consent of the party against whom enforcement is being sought.

9. All rights and remedies herein granted to Administrative Agent shall be in addition to any rights and remedies granted to Administrative Agent and Lenders under the Loan Documents. In the event of an inconsistency between this Agreement and Loan Agreement, the language of this Agreement shall control.

10. Upon Borrower's performance of all of the obligations under the Loan Documents and after all of Borrower's Obligations under the Loan Documents are indefeasibly paid and satisfied in full, Administrative Agent shall, at Borrower's expense, execute and deliver to each Domestic Subsidiary all documents reasonably necessary to terminate Administrative Agent's security interest in the Patent Collateral.

11. Any and all reasonable fees, costs and expenses, of whatever kind or nature, including the reasonable attorneys' fees and legal expenses incurred by Administrative Agent in connection with the preparation of this Agreement and all other documents relating hereto and the consummation of this transaction, the filing or recording of any documents (including all taxes in connection therewith) in public offices, the payment or discharge of any taxes, reasonable counsel fees, maintenance fees,

encumbrances or costs otherwise incurred in protecting, maintaining, preserving the Patent Collateral, or in defending or prosecuting any actions or proceedings arising out of or related to the Patent Collateral, in each case in accordance with the terms of this Agreement, shall be borne and paid by such Domestic Subsidiary on demand by Administrative Agent and until so paid shall be added to the principal amount of Borrower's Obligations to Administrative Agent and shall bear interest at the otherwise applicable rate prescribed in the Loan Agreement.

12. Subject to the terms of the Loan Agreement, each Domestic Subsidiary shall have the duty to prosecute diligently any application and/or registration with respect to the Patent Collateral pending as of the date of this Agreement or thereafter, until Borrower's Obligations under the Loan Documents are indefeasibly paid and satisfied in full, to preserve and maintain all rights in the Patent Collateral material to its operations, and upon reasonable request of Administrative Agent, such Domestic Subsidiary shall make federal application on registerable but unregistered Patent Collateral belonging to such Domestic Subsidiary and licensed to such Domestic Subsidiary. Any reasonable expenses incurred in connection with such applications shall be borne exclusively by such Domestic Subsidiary. Such Domestic Subsidiary shall not allow any Patent Collateral to lapse without the prior written consent of Administrative Agent.

13. Each Domestic Subsidiary shall have the right to bring suit in its own name to enforce the Patent Collateral, in which event Administrative Agent may, if such Domestic Subsidiary reasonably deems it necessary, be joined as a nominal party to such suit if Administrative Agent shall have been satisfied, in its sole discretion, that it is not thereby incurring any risk of liability because of such joinder. Borrower shall promptly, upon demand, reimburse and indemnify Administrative Agent for all damages, costs and expenses, including reasonable attorneys' fees and costs, incurred by Administrative Agent in the fulfillment of the provisions of this section.

14. Upon the occurrence and continuance of an Event of Default under the Loan Agreement, Administrative Agent may, without any obligation to do so, complete any obligation of any Domestic Subsidiary hereunder, in such Domestic Subsidiary's name or in Administrative Agent's name, but at the expense of such Domestic Subsidiary.

15. No course of dealing between Borrower or any Domestic Subsidiary and Administrative Agent or any Lender, nor any failure to exercise, nor any delay in exercising, on the part of Administrative Agent or any Lender, any right, power or privilege hereunder, shall operate as a waiver thereof, and all of Lender's rights and remedies with respect to the Patent Collateral, whether established hereby or by the Loan Documents, or by any other future agreements between Borrower, any Domestic Subsidiary and Administrative Agent or any Lender or by law, shall be cumulative and may be exercised singularly or concurrently.

16. This Agreement shall inure to the benefit of and be binding upon the successors and assigns of each of the parties. No Domestic Subsidiary may transfer, assign or delegate any of its duties or obligations hereunder.

17. THIS AGREEMENT, AND ALL MATERS ARISING OUT OF OR RELATING TO THIS AGREEMENT, AND ALL RELATED AGREEMENTS AND DOCUMENTS, SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE SUBSTANTIVE LAWS OF THE STATE OF FLORIDA. THE PROVISIONS OF THIS AGREEMENT AND ALL OTHER AGREEMENTS AND DOCUMENTS REFERRED TO HEREIN ARE TO BE DEEMED SEVERABLE, AND THE INVALIDITY OR UNENFORCEABILITY OF ANY PROVISION SHALL NOT AFFECT OR IMPAIR THE REMAINING PROVISIONS WHICH SHALL CONTINUE IN FULL FORCE AND EFFECT.

18. Each Domestic Subsidiary hereby irrevocably consents to the non-exclusive jurisdiction of the Courts of the State of Florida or the United States District Court for the Middle District of Florida in any and all actions and proceedings whether arising hereunder or under any other agreement or undertaking. Each Domestic Subsidiary waives any objection which such Domestic Subsidiary may have based upon lack of personal jurisdiction, improper venue or forum non conveniens. Each Domestic Subsidiary irrevocably agrees to service of process by certified mail, return receipt requested to the address of the appropriate party set forth for Borrower in the Loan Agreement.

19. EACH DOMESTIC SUBSIDIARY (AND ADMINISTRATIVE AGENT BY ITS ACCEPTANCE HEREOF) HEREBY WAIVES ANY AND ALL RIGHTS IT MAY HAVE TO A JURY TRIAL IN CONNECTION WITH ANY LITIGATION, PROCEEDING OR COUNTERCLAIM ARISING WITH RESPECT TO RIGHTS AND OBLIGATIONS OF THE PARTIES HERETO OR UNDER THE LOAN DOCUMENTS OR WITH RESPECT TO ANY CLAIMS ARISING OUT OF ANY DISCUSSIONS, NEGOTIATIONS OR COMMUNICATIONS INVOLVING OR RELATED TO ANY PROPOSED RENEWAL, EXTENSION, AMENDMENT, MODIFICATION, RESTRUCTURE, FORBEARANCE, WORKOUT, OR ENFORCEMENT OF THE TRANSACTIONS CONTEMPLATED HEREUNDER OR UNDER THE LOAN DOCUMENTS.

II, a Delaware corporation, ("Grantor"), hereby authorizes TD Bank, N.A., its successors and assigns, and any officer or agent thereof (collectively "Grantee") as Grantor's true and lawful attorney-in-fact, with the power to endorse Grantor's name on all applications, assignments, documents, papers and instruments necessary for Grantee to enforce and effectuate its rights under a certain Patent Security Agreement between Grantor and Grantee dated the date hereof (as it may hereafter be supplemented, restated, superseded, amended or replaced, the "Patent Agreement"), including, without limitation, the power to use the Patents (as defined in the Patent Agreement), to grant or issue any exclusive or nonexclusive license under the Patents to anyone else, or to assign, pledge, convey or otherwise transfer title in or dispose of the Patents.

This Power of Attorney is given and any action taken pursuant hereto is intended to be so given or taken pursuant to a certain Second Amended and Restated Loan Agreement bearing even date herewith, as it may be supplemented, restated, superseded, amended or replaced from time to time.

Grantor hereby unconditionally ratifies all that such attorney shall lawfully do or cause to be done by virtue hereof.

This Power of Attorney shall be coupled with an interest and irrevocable for the life of the Patent Agreement.
