ASSIGNMENT AGREEMENT

THIS Assignment Agreement (hereinafter referred to as the "AGREEMENT") is made by and between Kevin O. Trahan of The Woodlands, Texas; Benton T. Knobloch, Jr. of Broussard, Louisiana; Todd J. Roy of Youngsville, Louisiana; and Javier E. Bolivar of Spring, Texas (hereinafter referred to as "ASSIGNORS") and Wellbore Energy Solutions, LLC, a business entity organized and existing under the laws of Louisiana, (hereinafter referred to as "ASSIGNEE").

WITNESSETH:

WHEREAS, ASSIGNORS are the inventors of the described invention in International Application No. PCT/US2010/043397, filed on July 27, 2010, entitled "WELLBORE CLEANOUT TOOL" and referred to hereafter as "the Invention",

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the ASSIGNORS do hereby ASSIGN, SELL and CONVEY to ASSIGNEE, its successors and assigns the entire right, title and interest throughout the world in and to the following identified "Intellectual Property":

1. The Invention;
2. International Application No. PCT/US2010/043397, filed on July 27, 2010, entitled "WELLBORE CLEANOUT TOOL";
3. All applications for patent or like protection on the Invention that have now been or may in the future be made by the ASSIGNORS or their legal representatives, whether in the United States or any other place anywhere in the world;
4. All patents and like protection that have now been or may in the future be granted on the Invention to ASSIGNORS or their legal representatives, whether in the United States or in any other country or place anywhere in the world;
5. All applications, substitutions for and divisions, continuations, continuations-in-part, renewals, reissues, extensions, and the like of International Application No. PCT/US2010/043397, filed on July 27, 2010, and patents and like

grants, including without limitations, those obtained or permissible under past, present and future law and statutes;

6. All rights of action on account of past, present and future unauthorized use of the Invention for infringement of patents and like protection;

7. The right to file in ASSIGNEE'S, its successors' and assigns' name applications for patents and like protection for the Invention in any country or countries;

8. All international rights of priority associated with the Invention, applications, patents and like protection; and ASSIGNORS' covenant that we the ASSIGNORS, our heirs, legal representatives, assigns, administrators, and executors will at the expense of ASSIGNEE, its successors and assigns, execute all papers and perform such other acts as may be reasonably necessary to give ASSIGNEE, its successors and assigns, the full benefit of this Agreement;

9. Any and all rights in confidential information, confidential know-how, and/or trade secrets in the Invention and/or the above-identified application for patent; and

10. Any and all contractual rights, licenses, and chooses in action of every kind that now are, or that may at any time hereafter be, due or owing to or owned by ASSIGNORS based on any of the foregoing.

The ASSIGNORS covenant and agree that without further consideration the ASSIGNORS will:

(a) maintain the confidentiality of the status of any pending applications for patent;

(b) maintain the confidentiality of the subject matter of the Intellectual Property except to the extent already published until the subject matter is published by or with the permission of ASSIGNEE or otherwise becomes public through no fault of ASSIGNORS; and

(c) disclose to ASSIGNEE, its successors and assigns any and all information of which the ASSIGNORS are aware or later becomes aware that may be material to the patentability of any aspect of or claim in an application on the Invention or the validity of any patent issuing on the Invention, as materiality is defined in U.S. Title 37, Code of Federal Regulations, § 1.56, namely

information where there is a substantial likelihood that a reasonable examiner would consider the information important in deciding whether or not to allow the application to issue as a patent, including without limitation, information as to any public information, use (personal, experimental, or public), gift, offer for sale, or sale of the Invention or relating to the Invention before the earliest claimed priority in the above-identified application for patent.

The ASSIGNORS covenant and agree that, upon the request and at the expense of ASSIGNEE, its successors and assigns, without further consideration the ASSIGNORS will:

- (a) execute or procure and deliver any further assurance of title to the Intellectual Property as ASSIGNEE may reasonably deem necessary or desirable;
- (b) execute and deliver any truthful papers and testimony in any legal proceedings that ASSIGNEE, its successors and assigns may reasonably deem necessary or desirable to perfect ASSIGNEE'S title to or enforce ASSIGNEE'S rights in the Intellectual Property; and
- (c) execute any continuations, divisions, reexaminations, reissues, renewals, extensions, or any other additional applications for patent directed to the subject matter of the Intellectual Property or any part or parts thereof and make all rightful oaths, and do all lawful acts requisite for procuring the same therein as ASSIGNEE may reasonably deem necessary or desirable. This Agreement is governed by the laws of the State of Texas, excluding conflict of law rules and choice of law principles.

IN WITNESS WHEREOF, the ASSIGNORS have executed and delivered this Agreement to ASSIGNEE on the dates listed below:
