ASSIGNMENT

Application No: 29/464,604 (Based on Chinese Design No. 201330067113.X filed March 15, 2013)

Filed: August 19, 2013

Title: HANDLE FOR A DENTAL INSTRUMENT (Design)

For good and valuable consideration, the receipt and sufficiency of which are hereby agreed, the undersigned ("Assignor") hereby assigns to Shanghai Baron Technologies CO., LTD., No.196, Lu-Ji Road, Pudong District, Shanghai, P. R. China 201322 and its successors and assigns ("Assignee") the entire right, title and interest in and to the inventions of such undersigned disclosed in the application listed above, and in any and all other applications anywhere in the world which the undersigned may file and/or be named as an inventor of, solely or jointly, on said inventions, in any and all patents which may be obtained on any of said applications and in any and all reissues, reexaminations, supplementary protection certificates and/or extensions thereof, including without limitation, the right to bring suit and to claim and retain all damages and/or seek other remedies for the past, present and future infringement of any of the foregoing, the right of priority, including without limitation to claim priority benefit of or to said patent applications and request the Commissioner for Patents in the United States, and similar authorities outside the United States, to issue said patents to and in the name of Assignee.

The undersigned Assignor states that the application listed above is or was made or authorized to be made by him. The undersigned Assignor authorizes the attorneys of record in the application listed above to insert in this assignment the filing date and application number of the application listed above when officially known. The undersigned Assignor believes himself to be the original inventor of a claimed invention in the application listed above. The undersigned Assignor acknowledges that any willful false statement made by it in this paragraph is punishable under 18 U.S.C. §1001 by fine or imprisonment of not more than five years, or both.

Except in favor of Assignee, the undersigned warrants that: (i) he is the owner of all its rights, titles and interests herein assigned and has the right to make this unconditional and irrevocable assignment to Assignee without obtaining any approval or permission of a third party; and (ii) there are no outstanding encumbrances, liens, prior assignments, licenses, or other obligations or restrictions on the rights, titles and interests herein assigned. The undersigned Assignor authorized the application listed above to be made.

Upon the request of Assignee and at no expense to the undersigned, each of the undersigned hereby agrees to execute any and all applications on said inventions, including without limitation for the reissue, reexamination, supplemental examination, inter partes review, post-grant review, opposition, supplementary protection certificate or extension thereof and any oath, declaration or affidavit relating thereto that said Assignee may deem necessary or expedient, and to cooperate to the best of the ability of the undersigned with and perform any and all affirmative acts requested by Assignee to prepare, file, prosecute, maintain, defend, enforce and vest in Assignee the rights, titles and interests assigned herein, including without limitation, preparing and executing statements and giving and producing evidence in support thereof, whereby said rights, titles and interests will be held and enjoyed by said Assignee to the full end of the term for which said patents may be granted as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment had not been made.
