G L O B A L G E N E R A L A S S I G N M E N T

WHEREAS I, the undersigned inventor herewith declare that I am an inventor and I have cooperated to make a certain invention as set forth in a utility patent application entitled **ABSORBENT ARTICLES WITH ELASTICS IN MULTIPLE LAYERS**, Attorney's Docket No. 12893 and filed in the United States Patent Office as Number 13/893,771, on May 14, 2013.

Diana Woehnl JURATOVAC of 6464 Presidential Gateway, Columbus, Ohio 43231 USA;

I made said invention set forth in said utility patent application on behalf of The Procter & Gamble Company and while employed by, or otherwise under an obligation to assign said invention to Design Central, Inc. and acknowledge my obligation at the time the invention was made to assign said invention to Design Central, Inc.. Pursuant to said obligation and at the request of Design Central, Inc., I assign to Design Central, Inc., its legal representatives, successors, and assigns, the entire right, title and interest, including the right to claim the benefit of the filing date of said utility patent application under international conventions, in said invention as set forth in said utility patent application, and in all patents of the United States and of any other country which may be issued for said invention, as fully and completely as the same would have been held by me had this assignment not been made. The entire right, title and interest in said invention and in said application and patents shall vest irrevocably in Design Central, Inc., its legal representatives, successors, or assigns. I further agree upon request, without additional compensation but at no expense to me, to execute or assent to applications, and to execute all other legal documents as may be necessary or desirable to vest the enjoyment of the rights assigned to Design Central, Inc., its legal representatives, successors, and assigns as Design Central, Inc., its legal representatives, successors, or assigns may direct.

The ASSIGNMENT of said invention is effective as of the earlier of 1) the date of execution shown below or 2) the filing date of said utility patent application.
