ASSIGNMENT AND AGREEMENT

For good and valuable consideration, We, Yu Chen, residing at 20 Orchard Crossing, Andover, MA 01810, citizen of the United States and Zhe Zhang residing at 13 Morrison Lane, Westford, MA 01886, citizen of the United States; hereafter referred to as "Assignors";

Hereby sell, assign, and transfer to Draeger Medical Systems, Inc., a corporation organized and existing under the laws of the state of Delaware, having its principal place of business at 6 Tech Drive, Andover, MA 01810, hereinafter "Assignee", its successors, assigns and legal representatives, my entire right, title and interest, for the United States and all foreign countries, in and to any and all inventions and improvements which are disclosed in PCT Patent Application No. PCT/US12/30134 filed March 23, 2012 entitled:

Apparatus and Method for Measuring Physiological Signal Quality

and in and to said application and all National and Regional Stage, provisional, non-provisional, divisional, continuing, continuation-in-part, substitute, renewal, reissue, and all other applications for Letters Patent which have been or shall be filed in the United States, with the Patent Cooperation Treaty and all foreign countries on any of said inventions and improvements; and in and to all original and reissued patents which have been or shall be filed in the United States, with the Patent Cooperation Treaty and all foreign countries on said inventions and improvements;

Agree that Assignee may apply for and receive Letters Patent for said inventions and improvements in its own name; and that, when requested, without charge to but at the expense of said Assignee, its successors, assigns, and legal representatives to carry out in good faith the intent and purpose of this assignment, the undersigned will execute all documents for all National and Regional Stage, provisional, non-provisional, divisional, continuing, continuation-in-part, substitute, renewal, reissue, and all other patent applications on any and all said inventions and improvements ; execute all rightful oaths, assignments, powers of attorney and other papers; communicate to said Assignee, its successors, assigns, and legal representatives, all facts known to the undersigned relating to said inventions and improvements and the history thereof; and generally do everything possible which said Assignee, its successors, assigns, and legal representatives shall consider desirable for aiding in securing and maintaining proper patent protection for said inventions and improvements and for vesting title to said applications for patents and all patents on said inventions and improvements, in said Assignee, its successors, assigns, and legal representatives; and

Covenant with said Assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.
