In exchange for good and valuable considerations, the receipt and sufficiency whereof are hereby acknowledged, David Tupman of 11900 County Rd 509 Anna, Texas 75409 ("Undersigned") hereby assigns to **Puradigm, LLC**, a Nevada limited liability corporation having a principal place of business at 720 South 7th Street 3rd Floor, Las Vegas, NV 89101, the entire right, title and interest of the above-referenced patent applications and in any and all patents of the United States and foreign countries, which may be obtained on any of said applications, and in any continuation, continuation-in-part, divisional, re-examination, reissue, or extension of such patents or patent applications, and further assigns to said assignee any right of priority.

The Undersigned hereby authorizes and requests the attorneys of record in the above-referenced applications to insert in this assignment the serial number of the above-referenced applications when officially known.

The Undersigned warrants that there are no outstanding prior assignments, licenses, or other encumbrances on the interests herein assigned.

The Undersigned hereby agrees, upon the request and at the expense of said assignee, its successors and assigns, to execute any and all continuation, continuation-in-part, divisional, re-examination, extension, and substitute applications for said invention or improvements, and any necessary oath, affidavit or declaration relating thereto, and any application for the reissue, re-examination, or extension of any patent that may be granted upon said application, and any and all applications and other document for patents in foreign countries on said invention or improvements, that said assignee, its successors or assigns may deem necessary or expedient, and for the said considerations the Undersigned authorizes said assignee to apply for patents for said invention or improvements in its own name in such countries where such procedure is proper and further agrees, upon the request of said assignee, its successors and assigns, to cooperate to the best of the ability of the Undersigned with said assignee, its successors and assigns, in any proceedings or transactions involving such applications or patents, including the preparation and execution of preliminary statements, giving and producing

evidence and performing any and all other acts necessary to obtain said patent, both United States and foreign, and vest all rights therein hereby conveyed in the assignee, its successors and assigns, whereby said patent will be held and enjoyed by the said assignee, its successors and assigns, to the full end of the term for which said patent will be granted, as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment had not been made.
