ASSIGNMENT

This Patent Assignment (the "Assignment") is made and effective as of 5,SEP, 2013 ("Effective Date") by and between CHIC FresherTech CO., LTD, a corporation of P. R. China (the "Assignor"), whose post office address is 505 Huirong Road, Jiading District, Shanghai, P. R. China and CHIC Foods Technology Co., LTD, a corporation of P. R. China (the "Assignee"), whose post office address is 505 Huirong Road, Room 107, Jiading District, Shanghai, P.R. China.

WHEREAS, CHIC FresherTech CO., LTD ("Assignor") is the owner of entire right for the invention entitled

"Material Container for Ultra-high Pressure Food Processing",

as described in the Chinese Patent Application No 201120292310.7 filed on August 12, 2011 and the U.S. Patent Application Serial Number 13565813, filed on August 03, 2012, (the "Patent Application").

WHEREAS, CHIC Foods Technology Co., LTD ("Assignee"), as a parent company of the Assignor, desires to acquire all rights in and to the Patent Application and the patent (and any reissues or extensions) that may be granted.

Therefore, the Assignor hereby assigns to, "Assignee", or its successors or assigns, the entire respective rights, titles and interests in and to the invention and improvements invented and originated and described in the Chinese Patent Application No 201120292310.7, filed on August 12, 2011 and the U.S. Patent Application Serial Number 13565813, filed on August 03, 2012, (the "Patent Application"), and any and all applications for patent and patents therefrom in any and all countries, including all divisions, continuations, reexaminations and reissues thereof, and all rights of priority resulting from the filing of said United States Patent Application, and authorize and request any official whose duty is to issue patents, to issue any patent on said inventions and improvements resulting therefrom to said Assignee, or its successors or assigns and agree that on request and without further consideration, but at the expense of said Assignee, the Assignor will communicate to said Assignee or its representatives

or nominees any facts known to the Assignee respecting said inventions and improvements and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, reexamination and reissue applications, make all rightful oaths and generally do everything possible to aid said Assignee, its successors, assigns, and nominees to obtain and enforce proper patent protection for said invention and its improvements in all countries.

Assignor authorizes the United States Patent and Trademark Office to issue any Patents resulting from the Patent Application to Assignee. The right, title and interest is to be held and enjoyed by Assignee and Assignee's successors and assigns as fully and exclusively as it would have been held and enjoyed by Assignor had this assignment not been made.
