Bend To Pfizer (Whole Interest)
Provisional

ASSIGNMENT

WHEREAS, Bend Research, Inc., an Oregon corporation, having a business address at 64550 Research Road, Bend, Oregon, is the owner of an interest in an invention for which the patent application hereinafter identified has been filed.

NOW, THEREFORE, for valuable consideration, the receipt and adequacy of which is hereby acknowledged, Bend Research, Inc. does hereby sell, assign and transfer unto PFIZER INC., a Delaware corporation having a principal place of business at 253 East 42nd Street, New York, New York 10017, its entire right, title and interest in and to the provisional patent application of the United States of America having a U. S. filing date of **March 30, 2004**, having PFIZER INC. Docket No. **PC25968** having U. S. provisional application number **60/557897**, and entitled **METHOD AND DEVICE FOR EVALUATION OF PHARMACEUTICAL COMPOSITIONS**; and its entire right, title and interest, in the United States of America and in all other countries of the world, in and to all its inventions, whether joint or sole, disclosed in said provisional patent application; and any letters patent to be issued therefore in the United States or any foreign country and any divisions, continuations, continuations-in-part, improvements, reissues, reexaminations, or extensions that may be made or granted thereon; and the right to claim priority from said provisional patent application under the Paris Convention for the Protection of Industrial Property, and under any and all other such treaties and agreements to which the United States of America is a party and which afford priority-claiming privileges, in all countries of the world including the United States of America;

and Bend Research, Inc. hereby agrees, whenever requested, to communicate to said PFIZER INC., and its successors and assigns, any facts known to it respecting said inventions, to testify in any legal proceeding respecting said inventions, and to

execute all applications or papers necessary to obtain, maintain and enforce patent protection on said inventions in all countries of the world.

Dated: July 22, 2004.
