OP \$40.00 14035540

THIS ASSIGNMENT is made the 16th day of November, Two Thousand and Twelve
BETWEEN Patrick Ward, an Irish citizen, of Atrous Place, Poolboy, Ballinasloe, County Galway
(hereinafter called "the Inventor") of the first part AND Shakira Limited, an Irish company, of Atrous
Place, Poolboy, Ballinasloe, County Galway, Ireland (hereinafter called "the Assignee") of the other
part

WHEREAS the Inventor claims to be the inventor of an invention relating to "A fault detecting
device for an electricity supply" (hereinafter called "the invention").

AND WHEREAS the Inventor is an employee of Western Automation Research and Development
Limited, an Irish company, of Atrous Place, Poolboy, Ballinasloe, County Galway, Ireland
(hereinafter called "the Employer"), WHEREAS the Inventor has made the invention in the course of
his duty for the Employer, and WHEREAS the Employer and the Assignee have agreed that the right
to file Patent applications and Patents for inventions made by employees in the course of their duty
for the Employer will be held by the Assignee; and in consideration of the premises, the Inventor
agrees with the Assignee to formally assign and transfer unto the Assignee all right title and interest
of the Inventor in and to the said invention and all rights and powers to apply for Patent for the
invention in Ireland and elsewhere in the name of the Assignee and any resultant Patent granted
thereon.

1. NOW THIS DEED WITNESSETH that in consideration of the premises the Inventor
hereby assigns to the Assignee absolutely the invention, any existing improvements therein or
modifications thereof, and any know-how, copyright and design relating thereto together with all
rights and interest in the same and all rights and powers to make application for Patent in the name of
the Assignee or in the name of its nominee, in Ireland and in any other country of the World in
respect of the invention or improvements therein or modifications thereof, together with all rights and
benefits arising therefrom under the International Convention for the Protection of Industrial
Property.

2. The Inventor hereby covenants with the Assignee as follows:

- (i) That the Inventor (so far as necessary) permits and enables the Assignee to apply for and will take
all reasonable steps to assist the Assignee or its nominee in obtaining the grant of patent or like
protection in respect of the invention hereinbefore assigned in any territory as may be required by
Assignee
- (ii) That the Inventor will at the request and cost of the Assignee execute such documents, and do all
such acts and things as may be necessary for the purpose of sub-paragraph (i) hereof and for vesting

any relevant inventions, application for patent, patent, know-how, copyright or design in the Assignee or their nominee absolutely.

3. The Inventor hereby irrevocably appoints the Assignee as attorney in name to execute any document, and do any act or thing which may be necessary to comply with the provisions of Clause 2 hereof.

It is hereby certified that the consideration (other than rent) for the sale/lease is wholly attributable to property which is not residential property and that the transaction effected by this instrument does not form part of a larger transaction or a series of transactions in respect of which the amount or value, or the aggregate amount or value, of the consideration (other than rent) which is attributable to properties which is not residential property exceeds €10,000.

IN WITNESS WHEREOF the parties hereto have executed these presents the day and year first herein written.
