PATENT ASSIGNMENT AGREEMENT

BOWMAN

WHEREAS, each undersigned individual assignee among Lynn E. Baughman, Robert A. Renshaw, and Patrick G. Anderson, hereafter referred to singly and collectively as "Assignor," residing at the address(es) listed below their respective signatures below, has any legal, equitable, and/or other ownership interest in an invention for new and useful tools, modifications, and/or improvements relating to BIT HOLDING APPARATUS FOR USE WITH A POWER TOOL, for which patent applications for United States patents and/or foreign patents have been filed or may be filed in the future, including but not limited to:

- U.S. Patent Application No. 11/004,995 (filed December 7, 2004);
- U.S. Patent Application No. 11/425,997 (filed June 22, 2006);
- U.S. Patent Application No. 12/038,400 (filed February 27, 2008); and
- Canada Patent Application No. 2,550,779 (filed December 14, 2004)

(hereinafter collectively "the Patent Applications"), and from which at least three United States Patents have issued, namely:

- U.S. Patent No. 7,354,230 B2 (issued April 8, 2008);
- U.S. Patent No. 7,374,377 B2 (issued May 20, 2008); and
- U.S. Patent No. 8,132,990 B2 (issued March 13, 2012)

(hereinafter collectively "the Patents"); and

WHEREAS, TWIST-LOK LLC, a Delaware LLC having a business address of 2353 Butter Road, Lancaster, PA 17601, herein referred to as "Assignee," is desirous of acquiring the entire right, title and interest in the invention, the Patent Applications, and the Patents, including any and all interest of each and every Assignor in same;

NOW, THEREFORE, in consideration of the sum of one dollar (\$1.00) and other good and valuable consideration the receipt of which from Assignee is hereby acknowledged, Assignor has irrevocably sold, assigned, transferred and set over, and hereby irrevocably sells, assigns, transfers and sets over unto the Assignee, its lawful successors and assigns, Assignor's entire right, title and interest in and to all inventions disclosed in the Patent Applications and the Patents, including any modifications, improvements, and related inventions, whether presently disclosed in the Patent Applications and the Patents or not, and any related provisional,

Document Number: 871612

nonprovisional, original, regular, counterpart, reissue, and re-examination applications, including extensions, divisional, continuation, and continuation-in-part applications thereof in the United States, any foreign country, or under any international treaty or convention, and all Letters Patent of the United States which may be granted thereon, and all rights to claim priority on the basis of such application, and all applications for Letters Patent that may hereafter be filed for such inventions in any foreign country or under any international treaty or convention and all Letters Patent which may be granted on such inventions in any foreign country or under any international treaty or convention, and all extensions, renewals, and reissues thereof; and Assignor hereby authorizes and requests the Director of the United States Patent and Trademark Office and any official of any foreign country whose duty it is to issue patents on applications or inventions as described herein, to issue all Letters Patent for such inventions to Assignee, its successors and assigns, in accordance with the terms of this Assignment;

AND, Assignor hereby covenants that Assignor has the full and unencumbered right to convey the interests assigned by this Assignment, and Assignor has not executed and will not execute any agreement in conflict with this Assignment;

AND, Assignor hereby further acknowledges that Assignee has sole control and decision-making authority regarding the prosecution of the Patent Applications, the Patents, and any application for related inventions, and that Assignee may require Assignor's cooperation for further preparation and prosecution of such applications, which cooperation will be provided without further consideration, including but not limited to reviewing specifications, executing petitions, and oaths, and all assignments, disclaimers, and lawful affidavits in form and substance as may be requested by Assignee; to communicate to Assignee all facts known to Assignor relating to this application or the history thereof; to furnish Assignee with any and all documents, photographs, models, samples and other physical exhibits in Assignor's control or in the control of Assignor's heirs or legal representatives and that may be useful for establishing the facts of conception, disclosure, or reduction to practice of any invention, including evidence for interference, reexamination, reissue, opposition, revocation, extension, or infringement purposes or other legal, judicial, or administrative proceedings; and to testify in person or by affidavit as required by Assignee, its successors and assigns, in any such proceeding in the United States or a country foreign thereto; it being understood that any expense incident to the execution of such papers or activities shall be borne by the Assignee, its successors and assigns;

AND, Assignor hereby further acknowledges Assignor's obligation to assign this application to Assignee, as well as applications for all modifications, improvements, and related inventions, whether presently included in the Patent Applications and Patents, or not;

Assignor hereby declares that all statements made herein of Assignor's own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing therefrom.

IN WITNESS WHEREOF and INTENDING TO BE LEGALLY BOUND, We/I hereunto set our/my hand(s) having read and understood this Assignment.
