WHEREAS, pursuant to that certain Asset Purchase Agreement dated December 30, 2011 (hereinafter referred to as the "Purchase Agreement"), by and among Assignee, Assignor and M. Andrew Simo, Assignor has agreed, subject to the terms and conditions of the Purchase Agreement, to sell, assign, transfer, convey and deliver to Assignee all of Assignor's interest in certain patents, together with the goodwill of the business carried on in connection with such patents.

NOW THEREFORE, in consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor agrees as follows:

1. Patent Assignment. Effective as of the date hereof, Assignor hereby assigns and sets over unto Assignee the following:

- (b) Assignor's entire right, title and interest in and to all claims, demands and rights of action, including but not limited to all income, royalties, damages and payments now or hereafter due or payable with respect thereto, and to any and all causes of action, either in law or in equity, both statutory and based upon common law, and the right to sue for, counterclaim for and recover for any and all past infringement, present infringement and future infringement of any and all rights assigned or to be assigned by this Assignment.
