ASSIGNMENT OF PATENTS

For good and valuable consideration in hand paid, the receipt and sufficiency whereof are hereby acknowledged, DAINIPPON INK AND CHEMICALS, INC., an entity organized under the laws of Japan, (Assignor), hereby sells, assigns, transfers and sets over to SONY CORPORATION, an entity organized under the laws of Japan (Assignee) and to the successors and assigns of Assignee, the entire right, title and interest in the inventions or improvements of the undersigned disclosed in the United States Patent Numbers 6554962 and 6752906 and in any reissue or extension of such patents, for the full term or terms for which said patent, patents or industrial design are or may be granted, reissued or extended, as fully and entirely as the same would have been held and enjoyed by Assignor had this assignment and sale not been made; together with all claims for damages by reason of past infringement of each of said patents with the right to sue for and collect the same.

Assignor warrants itself to be the co-owner, with the Assignee here, of the entire right, title and interest in said inventions or improvements and to have the right to make this assignment, and further warrants that there are no outstanding prior assignments, licenses, or other encumbrances on any of the interests herein assigned. Upon the execution of this Assignment, Assignee will be the sole owner of the property assigned herein. Assignor hereby covenants that no other assignment, sale, agreement or encumbrance will be made or entered into which would conflict with this sale and assignment.

Assignor further covenants that Assignee will, upon its request and at the expense of Assignee, be provided promptly with all pertinent facts and documents relating to any and all of said inventions and said Letters Patents and legal equivalents as may be known and accessible to Assignor and will provide witness(es) to testify as to the same in any interference, litigation or proceeding related thereto and will promptly execute or have executed, to the best of its ability, and deliver to Assignee or its legal representatives any and all papers, instruments or affidavits required to apply for, obtain, maintain, issue and enforce said application, said invention and said letters patent thereof which may be necessary or desirable to carry out the purposes thereof.
