## ASSIGNMENT

**CSP Technologies, Inc.**, a corporation organized and existing under the laws of the State of Delaware, and having a place of business at 960 West Veterans Blvd., Auburn, Alabama, 36832 (hereafter referred to as the undersigned), currently holds a portion of the legal ownership of the patent application(s) listed in Schedule A of this Assignment.

**Capitol Medical Devices, Inc.**, a corporation organized and existing under the laws of the State of Delaware, and having a place of business at 960 West Veterans Blvd., Auburn, Alabama, 36832, (hereafter referred to as the assignee), is desirous of acquiring the entire right, title and interest in said invention, all applications for and all letters patent issued on said invention.

For good and valuable consideration, the receipt and sufficiency of which is acknowledged, the undersigned, intending to be legally bound, does hereby sell, assign and transfer to the assignee and assignee's successors, assigns and legal representatives the entire right, title and interest in said invention and all patent applications thereon, including, but not limited to, the patent applications listed in Schedule A, and all divisions and continuations thereof, and in all letters patents, including all reissues and reexaminations thereof, throughout the world, including the right to claim priority under the Paris Convention or other treaty.

It is agreed that the undersigned shall be legally bound, upon request of the assignee, to supply all information and evidence relating to the making and practice of said invention, to testify in any legal proceeding relating thereto, to execute all instruments proper to patent the invention throughout the world for the benefit of the assignee, and to execute all instruments proper to carry out the intent of this instrument.

The undersigned warrant that the rights and property herein conveyed are free and clear of any encumbrance.

EXECUTED on this 12 day of October, 2013 at AUBURN, AL.

Witness:

  
Robert S. Abrams, President  
CSP Technologies, Inc.
