1 Interpretation

1.1 Definitions

These meanings apply unless the contrary intention appears:

Assignment means this patent assignment deed.

Government Agency means any governmental, semi-governmental, administrative, fiscal, judicial or quasi-judicial body, department, commission, authority, tribunal, agency or entity.

Patent Applications means:

- (a) the applications for patents set out in the Schedule; and
- (b) all other patents or patent applications which are based on the invention relating to a bicycle trainer and described in the applications set out in the Schedule and which are owned or used by the Assignor anywhere in the world.

Schedule means the schedule to this Assignment

1.2 General interpretation

Unless the contrary intention appears, a reference in this Assignment to:

- (a) a clause or annexure is a reference to a clause in, or annexure to this Assignment;
- (b) the singular includes the plural and vice versa;
- (c) the word "person" includes an individual, a firm, a body corporate, a partnership, joint venture, an unincorporated body or association, or any Government Agency;
- (d) a particular person includes a reference to the person's administrators, successors and substitutes (including, persons taking by novation) and assigns;
- (e) the words "include", "including", "for example" or "such as" are not used as, nor are they to be interpreted as, words of limitation, and, when introducing an example, do not limit the meaning of the words to which the example relates to that example or examples of a similar kind; and
- (f) headings (including those in brackets at the beginning of paragraphs) are for convenience only and do not affect the interpretation of this Assignment.

1.3 Inconsistency

If a provision of this Assignment is inconsistent with a provision of another agreement between the parties the provision of this Assignment prevails.

2 Assignment

2.1 Assignment

The Assignor, as legal and beneficial owner, assigns to the Assignee all its right, title and interest in and to the Patent Applications, including:

- (i) all right, title and interest in respect of any patents which may subsequently be obtained in respect of the inventions the subject of the Patent Applications;
- (ii) the inventions the subject of the Patent Applications; and
- (iii) all accrued rights of action involving the Patent Applications including the right to sue for past infringement; and

anywhere in the world, with effect from the date of this Assignment.

2.2 Further assurances

On and from the date of this Assignment the Assignor at its own cost will execute documents and do things reasonably requested by the Assignee to enable the Assignee to become registered as the owner of the Patent Applications anywhere in the world.

3 Consideration

The Assignee agrees to pay the Assignor good and valuable consideration, receipt of which is hereby acknowledged, for the rights assigned in clause 2.1 ("Assignment") on signing of this Assignment.

4 Governing law

This Assignment is governed by the law in force, and submits to the non-exclusive jurisdiction of the courts of the State of Victoria.

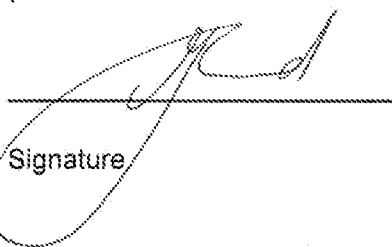

5 Counterparts

This Assignment may consist of any number of signed counterparts and the date on which the last counterpart is executed will be the date of the Assignment.

Wherein duly authorized representatives of the parties hereto have executed this Assignment as a deed this 23RD day of SEPTEMBER 2013.
