CLARIFICATION AGREEMENT

WHEREAS, Cook Incorporated, an Indiana corporation having a place of business at 750 Daniels way, Bloomington Indiana (hereafter "Cook Incorporated") and Green Medical Ltd., and Illinois corporation having a place of business at 13 Cebold Street, Montgomery, Illinois 60538 (hereafter "Green"), entered into a certain agreement entitled Assignment, Development and Royalty Agreement, dated 13 May 2009 (hereafter the "2009 Agreement");

WHEREAS, the 2009 Agreement was assigned by Cook Incorporated to Cook Medical Technologies, LLC, an Indiana limited liability company (hereafter "CMT"), by an agreement effective as of January 1, 2011;

WHEREAS, the 2009 Agreement was subsequently terminated pursuant to its provisions by written notice given to Green Medical on July 17, 2012;

WHEREAS, the 2009 Agreement, in the first sentence of Paragraph 1, states that "Green, for itself and its successors and assigns, agrees to assign and does assign to Cook and its Affiliates" certain proprietary rights;

WHEREAS, it was the intent of Cook Incorporated and Green Medical that such proprietary rights be assigned by the 2009 Agreement to Cook Incorporated rather than to, collectively, Cook Incorporated and its Affiliates;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Cook Incorporated, CMT and Green Medical agree:

A. For all purposes under the 2009 Agreement, including from its effective date of 13 May 2009 onward, the first sentence of Paragraph 1 is cancelled and replaced with the following:

1. Assignment. Effective as of the Acceptance Date under Section 2, Green, for itself and its successors and assigns, agrees to assign and does assign to Cook, and its successors and assigns, all right, title and interest in and to all discoveries, inventions, know-how, trade secrets, confidential or proprietary information and all other intellectual property rights owned or controlled by Green relating to the Vein Therapy System, including all of Green's United States and foreign patent rights, and all of Green's filings priority thereto, relating to the Vein Therapy System, including, the patents and patent applications listed on Exhibit A to this Agreement, and all divisionals, continuations, reissues, or reexaminations thereof that exist now or in the future throughout the world, and the right, but not the obligation, to sue for past infringement ("Proprietary Rights").

B. This Clarification Agreement shall not otherwise modify the 2009 Agreement or affect its termination as of July 17, 2012.
