ASSIGNMENT

WHEREAS, **Mark T. Endicott**, of the City of Mooresville and State of North Carolina, and **Randall J. Wischhusen**, of the City of Chesterland and State of Ohio, have invented certain new and useful improvements disclosed in a document entitled "Method of Producing A Coated Valve Retainer" (Docket No. 076028-00002) for which I/we have executed a non-provisional application for letters patent of the United States;

AND WHEREAS, **Wide Open Coatings, Inc.**, a corporation of the State of North Carolina, with a place of business at 333-a Rolling Hills Road, Mooresville, North Carolina 28117 ("the Assignee") is desirous of acquiring the entire right, title and interest in and to said application and the inventions therein disclosed and any letters patent that may issue thereon;

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) and other valuable consideration, receipt whereof is hereby acknowledged, I/we hereby sell, assign and transfer unto said Assignee, its successors and assigns, the entire right, title and interest in and to said application, any application claiming priority therefrom, any non-provisionals, divisions or continuations thereof, and the inventions therein disclosed, and any improvements thereon, and any patent or patents that may be issued or reissued thereon, and I/we hereby authorize and request the Commissioner of Patents to issue any letters patent thereon, and reissues thereof, to the Assignee, its successors and assigns; and I/we hereby authorize the Assignee, its successors and assigns, to file in its own name applications for patent in foreign countries in connection with the inventions hereby transferred, under the International Convention claiming the priority of said United States application or otherwise, and to secure in its own name the patent or patents issued thereon; and I/we hereby agree that, upon request, I/we will sign all papers, and make all rightful oaths, and do all acts which the Assignee, its successors or assigns, may consider necessary in connection with said United States application, and in connection with any other United States or foreign applications that may be filed in connection with said inventions, and with any improvements thereon, and in connection with any patents issued or reissued thereon.
