Filed on \_\_\_\_\_

The above-identified application was made or authorized to be made by me/us.

I/we believe myself/ourselves to be the original inventor or original joint inventors of a claimed invention in the application.

I hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years or both.

Assignment of Invention

WHEREAS, SARATOGA DATA SYSTEMS, INC., a Delaware company incorporated, having an address of 17 Kempton Place, Apt. 12, Saratoga Springs, New York 12866 (hereinafter referred to as "Assignee") is desirous of acquiring the entire right, title and interest in and to the application, and to the subject invention and improvements thereon, any related divisionals, continuations and continuation-in-part applications, as well as any foreign counterparts, and in and to Letters Patent thereon when granted in the United States and worldwide;

NOW, THEREFORE, I/we do hereby sell, assign, transfer and convey unto the Assignee the entire, right, title and interest in and to the application, and to the subject invention and improvements thereon, any related divisionals, continuations, continuations-in-part and reissue applications, as well as any foreign counterparts, and in and to Letters Patent thereon when granted in the United States and worldwide.

FURTHER, I/we, the undersigned, acknowledge an obligation and hereby covenant and agree to assist the Assignee, as needed, during prosecution of the application, any related application(s) and foreign counterpart(s), and after the issuance of any and all patents, including (a) prompt execution of all papers (prepared at the expense of the Assignee) which are deemed necessary or desirable by Assignee to perfect in it the right, title and interest herein conveyed; (b) prompt execution of all petitions, oaths, affidavits, declarations, specifications or other papers (prepared at the expense of the Assignee) which are deemed necessary or desirable by Assignee for prosecuting the application, for filing and prosecuting any related divisionals, continuations, continuations-in part and reissue applications in the United States and/or foreign countries covering the invention and/or improvements thereof; (c) prompt conveyance of full and complete information to the Assignee and/or its legal representatives responsible for prosecuting the application regarding any prior art known to the undersigned that may be material to patentability of the claimed invention in compliance with the undersigned's duty of disclosure; and (d) prompt assistance and cooperation in the prosecution of any interference proceedings, derivation proceedings, *inter partes* review proceedings, post-grant review proceedings, reexamination proceedings, and adjudication of the Letters Patent, particularly by the disclosure of facts and production of evidence relating to the subject invention and improvements thereon, provided the expenses that may be incurred by the undersigned in lending such assistance and cooperation shall be paid by the Assignee.

I/we hereby authorize and request the Director of the United States Patent and Trademark Office to issue any United States Patent to the Assignee of the entire right, title and interest in and to the same for the sole use and benefit of the Assignee, its heirs, successors, assigns and/or other legal representatives to the full end of the term for which such Patent may be granted, as fully and entirely as the same would have been held by me/us had this assignment and sale not been made.

I/we, the undersigned, hereby warrant(s) and represent(s) that I/we have not entered into any assignment, contract or understanding in conflict therewith, and acknowledge the foregoing instrument to be my/our free act and deed.
