NUNC PRO TUNC ASSIGNMENT

WHEREAS, we, Qiyuan Ma, a citizen of Canada, residing at Millburn, New Jersey, and Erzhen Gao, a citizen of the United States of America, residing at Millburn, New Jersey, (hereinafter, together with our respective heirs, executors, administrators and legal representatives referred to as "Assignors") have invented all inventions (hereinafter, "said Invention(s)") disclosed in U.S. Provisional Patent Application No. 61/484,620, filed May 10, 2011, entitled "Cryogenically Cooled Whole-Body RF Coil Array and MRI System Having Same" (hereinafter, "the Application" or "said Application");

WHEREAS, TIME MEDICAL HOLDINGS COMPANY LIMITED, a company incorporated under the laws of the Cayman Islands, with a registered address of 2/F, Cayside, Harbour Drive, George Town, Grand Cayman KYI-1203, Cayman Islands, and with a place of business at G/F, Bio-Informatics Building, Hong Kong Science Park, Shatin, New Territories, Hong Kong, (the "Assignee"), is desirous of obtaining all right, title and interest in, to and under said Inventions, said Application, and all patents or similar legal protection to be obtained therefor in the United States and in any and all foreign countries.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which Assignors hereby acknowledge, Assignors hereby acknowledge that Assignors have sold, assigned, transferred and set over, and by these presents hereby sells, assigns, transfers and sets over to Assignee *nunc pro tunc*, effective as of May 10, 2011, all of Assignors' right, title and interest in, to and under said Inventions and said Application, including (a) the right to apply for additional patents in the United States of America and in all foreign countries for said Inventions, (b) all applications for patents for said Inventions or based on said Application in all countries, now filed or to be filed, including all divisional, renewal, substitute, continuation, continuation-in-part and convention applications based in whole or in part upon said Inventions or upon said Application, (c) all patents which may issue on said Inventions and on said Application transferred by this Assignment in the United States and foreign countries, and any and all reissues, extensions, divisions, renewals, substitutes, continuations or continuations-in-part of patents granted for said Inventions or upon said Application, for the full term or terms for which the patents may be issued, and (d) every priority right that is or may be predicated upon or arise from said Inventions and said Application under any applicable international or bilateral treaty, agreement or convention. Assignors hereby authorize Assignee to file patent applications in all countries for any or all of said Inventions in Assignors' names, or in Assignee's name, as may be required under any international or bilateral treaty, agreement or convention, or otherwise.

Assignors hereby covenant and agree that Assignors will, upon request of Assignee, communicate any facts known to Assignors relating to said Inventions and Application and the history thereof; testify in any legal proceeding in connection with the Inventions or Application, or any patent or similar legal protection therefor, execute all lawful papers required to effect or perfect the foregoing, and generally do all further acts which may be reasonably necessary to obtain and enforce proper patent protection for said Invention(s) in all countries worldwide providing, however, that the Assignee shall be responsible for all costs and expenses incurred by Assignors with respect to Assignee's efforts to obtain and/or enforce a patent or

similar legal protection for said Inventions or Application, including reimbursement for the Assignors' time at reasonable billing rates.

If any part of this Assignment shall be held by a court of competent jurisdiction to be void, invalid, or inoperative, the remaining provisions of this Assignment shall not be affected and shall continue in effect, and the invalid provision shall be deemed modified to the least degree necessary to remedy such invalidity.

This Assignment may be executed in several counterparts, each of which will be an original, but all of which, when taken together, will constitute one and the same instrument.
