ASSIGNMENT

WHEREAS, Green Medical Ltd., a corporation organized and existing under the laws of the State of Illinois, having a place of business at 13 Cebold Street, Montgomery, Illinois 60538, an Illinois corporation, ("Assignor"), was the owner of the entire right, title and interest in the U.S. patents and patent applications listed in Exhibit A, and inventions covered thereby;

WHEREAS, Assignor and Cook Incorporated, a corporation organized and existing under the laws of the State of Indiana, having a place of business at 750 Daniels Way, Bloomington, Indiana, 47404 ("Assignee"), entered into an Assignment, Development and Royalty Agreement, made the 13th day of May, 2009, ("the Agreement") in which Assignee was granted a period of time in which to accept the Agreement,

WHEREAS, Assignee accepted the Agreement on the 6th day of August, 2009 ("the Acceptance Date"); and

WHEREAS, Assignor did sell, assign, transfer and set over unto Assignee, the entire right, title and interest of Assignor in and to the U.S. patents and patent applications listed in Exhibit A.

NOW, THEREFORE, in order to make and record a specific formal assignment of the U.S. patents and patent applications listed in Exhibit A to Assignee *nunc pro tunc* as of the Acceptance Date,

Be it known that for legally sufficient and valuable consideration by Assignee to Assignor, the receipt of which is hereby acknowledged, Assignor has sold, assigned, transferred and set over, and by these presents does hereby sell, assign, transfer and set over, as of the Acceptance Date, to Assignee, the full and exclusive right, title and interest to said U.S. patents, patent applications and inventions, and all Letters Patent of the United States to be obtained therefor on said inventions and patent applications, and any continuations, divisions, renewals, substitutes or reissues thereof for the full term or terms for which the same may be granted, together with all claims for damages by reason of past infringement of said U.S. Patents with the right to sue for and collect the same for its own use and for the use of its successors, assigns or other legal representatives.

Assignor also assigns all of its right, title and interest in and to said inventions in all foreign countries, and all applications for Letters Patent which may evolve or evolved therefrom, including the right to claim International Convention priority.

Assignor hereby covenants that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this assignment and sale.

Assignor further covenants that Assignee will, upon its request, be provided promptly with all pertinent facts and documents relating to said U.S. patents and patent applications listed

in Exhibit A as may be known and accessible to Assignee, and will testify as to the same in any interference or litigation related thereto and will promptly execute and deliver to Assignee or its legal representative any and all papers, instruments or affidavits required to apply for, obtain, maintain and enforce said U.S. patents and patent applications and said inventions which may be necessary or desirable to carry out the purposes hereof.
