ASSIGNMENT

For a valuable consideration, I, the undersigned, hereby assign and transfer unto BEM WIRELESS LLC., a limited liability company having a principal place of business in Woodstock, IL, the whole right, title and interest in and to certain inventions or improvements in inventions disclosed in a patent application of the United States, said U.S. patent application having U.S. Design Application Serial No. 29/441,560, filed January 7, 2013 and being titled "WIRELESS SPEAKERS WITH CHARGING CRADLE" and in and to any United States Letters Patents therefor, when issued, together with all improvements thereon, and betterments thereof, all divisionals, continuations, continuations-in-part and reissues thereof and substitutions of or for said applications, and any and all foreign patent applications therefor, and all rights and privileges under the Letters Patents that may be granted therefor, including the right to claim the benefit of an earlier filing date for the same inventions in a foreign country.

I, the undersigned, hereby authorize and request the Commissioner of Patents to issue the Letters Patents that may be granted for said inventions or improvements to **BEM WIRELESS LLC.**

For the same consideration, I, the undersigned, hereby agree that I will promptly communicate to the aforesaid assignee or its assigns full and complete information concerning said improvements or betterments of the invention(s) disclosed in said application, and will cooperate at any time upon request of said assignee or its assigns, at its expense, in the procurement of patent protection to cover the invention(s) herein assigned and to be assigned, including the execution of new, divisional, continuation, continuation-in-part, and reissue applications; will make all rightful oaths; will testify in any proceedings in the United States Patent Office or in the Courts; and generally will do everything lawfully possible to aid said assignee, its successors, assigns and nominees to obtain, enjoy and enforce proper patent protection for the inventions embraced within the terms of this document.
