ASSIGNMENT

WHEREAS, Carl James Pettersson, has invented certain new and useful improvements in "Improvements to Tapping Point Clearing Apparatus" which an application is being made for a Patent of the United States, said application being executed herewith; and

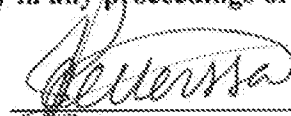

Whereas, Hans Sauer and Sons Pty Ltd and 3EKP Pty Ltd (referred herein as the Assignees) both being proprietary limited companies organized and existing under the laws of the country of Australia and having their principal offices at Unit 149 Biscayne Way WA Australia 6164 are desirous of acquiring the entire right, title and interest in and to said invention, said application and in, to and under any and all Letters Patent to be obtained thereof;

Now, therefore, for good and valuable consideration to me paid by the said Assignees, the receipt of which is hereby acknowledged, I have sold, assigned and transferred, and by these presents do hereby sell, assign and transfer unto the said Assignees, their successors and assigns, my entire right, title and interest in and to said invention, said application and the Letters Patent, both foreign and domestic, that may or shall issue, including all of my rights under any and all international conventions, treaties/or agreements concerning patents to which the United States is a party, and I do hereby authorize and request the Commissioner of Patents to issue said Letters Patent to the above mentioned assignee in accordance herewith.

I further authorize said assignees, their successors and assigns, or anyone they may properly designate, to apply for Letters Patent, in their own names if desired, in any and all foreign countries, and additionally to claim the filing date of said United States application and/or otherwise take advantage of the provisions of any international convention, treaty and/or agreement.

I do hereby covenant and agree with the said assignees, their successors and assigns, that I will not execute any writing or do any act whatsoever conflicting with these presents, and that I or my executors or administrators will at any time upon request, without further or additional consideration, but at the expense of the said assignees, their successors and assigns, execute such additional writings and do such additional acts as said assignees, their successors and assigns, may deem necessary or desirable to perfect the assignees' enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, reissued or extended Letters Patent of the United States, or any of and all foreign countries on said invention, and in enforcing any rights, occurring as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents.
