## PATENT ASSIGNMENT

This Patent Assignment ("**Assignment**") is entered into this 19th day of September, 2013 between Securitas, Inc., a Virginia corporation ("**Assignor**") whose principal offices are located at 2095 Dabney Road, Richmond, Virginia 23230, and No-Shank, Inc., a Michigan corporation ("**Assignee**") whose principal offices are located at 168 Miller Road, Gwinn, Michigan 49841.

**WHEREAS**, Assignor is the owner of the United States registered patents set forth on Exhibit A, attached hereto and made a part hereof, along with all other rights, including common law rights, related to such patents to the extent such rights exist (the "**Patents**");

**WHEREAS**, Assignor is the owner of the United State patent application set forth on Exhibit B, attached hereto and made a party hereof, along with all other rights, including common law rights, related to such patent application to the extent such rights exist (the "**Application**"); and

**WHEREAS**, Assignor desires to assign to Assignee, and Assignee desires to acquire, all of Assignor's rights, title and interest in and to the Patents and the Application together with the goodwill of the business associated with the use of the Patents and the Application, along with the right to recover damages and profits for any past, present and future infringements thereof;

**NOW THEREFORE**, in consideration of the mutual covenants contained herein, the above recitals which are hereby incorporated into this Agreement, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. **Assignment**. Assignor hereby assigns, transfers and conveys to Assignee all rights, title and interest that Assignor may have in and to the Patents and the Application, together with the goodwill of the business associated with the use of, and which is symbolized by, the Patents and/or the Application, along with the Assignor's right to recover for damages and profits for any past, present and future infringements of the Patents and/or the Application.

2. **Binding Effect**. This Assignment shall be binding upon the parties, and their successors and/or assigns, as the case may be.

3. **Recordation**. Assignee shall have the right to record freely this Assignment, as it deems appropriate, to give notice of its assigned rights contained in this Assignment including, without limitation, recording this Assignment with the United States Patent and Trademark Office.

4. **Counterparts**. This Assignment may be executed in any number of counterparts and by different parties to this Assignment, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same Assignment.
