ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, the undersigned:

David J. Mooney, Sidi A. Bencherif, David A. Edwards, Roger W. Sands

(each hereafter "Assignor") hereby assign, sell, and transfer to:

President and Fellows of Harvard College
17 Quincy Street Cambridge, Massachusetts 02138

(hereafter “Assignee”) its successors and assigns, Assignor's entire right, title and interest throughout the world in and to any and all inventions for:

Injectable Preformed Macroscopic 3-Dimensional Scaffolds for Minimally Invasive Administration

described in International PCT Patent Application No. PCT/US12/35505 filed 04/27/12 which claims priority to Provisional Patent Application 61/480,237 filed 04/28/2011; and in and to the aforesaid application(s), in any form or embodiment thereof, and in and to any application on any of the inventions filed in this and any foreign country, based thereon, including the right to file said applications, apply for patent rights, and claim priority under the provisions of any international convention or treaty; also the entire right, title and interest throughout the world in and to any and all patents or reissues or extensions thereof to be obtained in this or any foreign country upon any of the inventions and any divisional, continuation, or substitute applications which may be filed upon said invention or inventions in this or any foreign country; and the right to sue in its own name and recover damages for past infringement of any United States Letters Patent and foreign patent; and authorize and request the issuing authority to issue any and all patents on said application or applications to said Assignee or its successors and assigns.

For purposes of complying with foreign requirements, the above paragraph is intended to expressly grant all the recited rights and grants in China, Korea, and Japan.

Assignor hereby warrants that he/she has full right to convey his/her entire right, title and interest, both legal and equitable, in and to said inventions, free from all prior assignments, agreements, licenses, mortgages, security interests, or other encumbrances whatsoever; and

Assignor further agrees, without further payment or compensation by said Assignee or its successors and assigns, to communicate to said Assignee, its representatives or agents or its successors and assigns, any facts relating to said invention or inventions including evidence for interference purposes or for other legal proceedings, whenever requested; testify in any interference or other legal proceedings whenever
requested; execute and deliver, on request, all lawful papers required to make any of the 
foregoing provisions effective; and generally do everything possible to aid said 
Assignee, its representatives or agents, or its successors or assigns to secure, obtain and 
enforce proper patent protection for said invention or inventions in this and any foreign 
country.

Assignor authorizes Assignee or Assignee's representative to supply and/or to 
correct any errors in the patent/application information provided above including but not 
limited to said application serial number(s) and filing date(s), prior to or after recordation.

Assignor appoints Assignee, through its designee, as its attorney-in-fact to execute, 
in Assignor's name and on Assignor's behalf, any and all documents required to effectuate 
this Assignment, specifically including, but not limited to, those documents specified above 
and any necessary corrective assignments.
