ARTICLE V  
SHARES

The total number of shares that the Corporation is authorized to issue is Three Hundred Million (300,000,000) shares of common stock with a par value of \$0.0001 per share ("Common Stock") and Two Hundred Million (200,000,000) shares of preferred stock with a par value of \$0.0001 per share ("Preferred Stock").

The Preferred Stock, or any series thereof, shall have such designations, preferences, and relative, participating, optional, or other special rights and qualifications, limitations, or restrictions thereof as shall be expressed in a resolution or resolutions providing for the issuance of such stock adopted by the Corporation's board of directors and may be made dependent upon facts ascertainable outside such resolution or resolutions of the board of directors, provided that the matter in which such facts shall operate upon such designations, preferences, rights, qualifications, limitations, or restrictions of such class or series of Preferred Stock is clearly and expressly set forth in the resolution or resolutions providing for the issuance of such stock by the board of directors.

Upon the effective date of Certificate of Amendment, every 25 shares of the Company's Common Stock outstanding immediately prior to such filing shall be combined and reconstituted as one share of the Company's Common Stock (the "Reverse Split"). No fractional interest in a share of Common Stock shall be deliverable upon the Reverse Split. All shares of Common Stock (including fractions thereof) held by a holder immediately prior to the Reverse Split shall be aggregated for purposes of determining whether the Reverse Split would result in the issuance of a fractional share. Any

fractional share resulting from such aggregation of Common Stock upon the Reverse Split shall be ***rounded up*** to the nearest whole share.

The Company shall not be obliged to issue certificates evidencing the shares of Common Stock outstanding as a result of the Reverse Split unless and until the certificates evidencing the shares held by a holder prior to the Reverse Split are either delivered to the Company or its transfer agent, or the holder notifies the Company or its transfer agent that such certificates have been lost, stolen or destroyed and executes an agreement satisfactory to the Company to indemnify the Company from any loss incurred by it in connection with such certificates.
