WHEREAS, Assignors have invented a new, original and useful invention entitled "Method and device for packing strip-type objects, especially strips of chewing gum" (Invention) for which PCT application PCT/EP2012/057145 was filed on April 19, 2012, and for which a United States patent application will be filed, further identified by Cislo & Thomas, LLP's Docket No. 13-28206 (Patent Application);

WHEREAS, Assignors believe themselves to be the original inventors of an invention claimed in the Patent Application;

WHEREAS, the Patent Application was made or authorized to be made by Assignors; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment the entire right, title, and interest in and to the Invention, and the Patent Application in the United States and throughout the world.
