(the “**Patents**”), including any common law rights, causes of action, and claims for damages, profits or other awards by reason of past infringement or other violations thereof, including the right to sue therefor.

HAWS Corporation, a Nevada corporation having its head office at 1455 Kleppe Lane, Sparks, NV 89431 (“**Assignee**”), desires to acquire the Patents.

NOW, THEREFORE, in consideration of the foregoing recitals, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto hereby agree as follows:

1. Effective as of January 3, 2013, Assignor hereby sells, assigns, transfers and sets over unto Assignee, its successors and assigns, free of all encumbrances, Assignor’s entire right, title and interest throughout the world in and to the Patents and the inventions claimed therein, including without limitation: all original, reissued, and reexamined letters patent that originate therefrom in the United States and worldwide, all rights of priority, all continuation, divisional, continuation-in-part and substitute patent applications that may be filed therefor in the United States and worldwide, and all original, reissued, and reexamined letters patents that may issue from said continuation, divisional, continuation-in-part and substitute applications (collectively, the “**Assigned Patents and Patent Applications**”), and all of Assignor’s rights and privileges pertaining to the Assigned Patents and Patent Applications, together with the rights to all income derived therefrom, including the right to sue for past, present and future infringement thereof and to recover all damages therefrom for its own use and behalf and for the use and behalf of its successors and assigns or other legal representatives; said Assigned Patents and Patent Applications to be held and enjoyed by Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made.

2. Effective as of January 3, 2013, Assignor further assigns to and empowers Assignee, its successors, assigns or nominees, all rights to make applications for patents or other forms of protection for said inventions and to prosecute such applications as amended, and the right to invoke and claim such right of priority without further written or oral authorization.

3. Effective as of January 3, 2013, Assignor further agrees that this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document which may be required in any country for any purpose regarding the subject matter hereof, as well as constituting proof of the right of assignee or its successors, assigns, or nominees to file applications relating to the said inventions.

4. Effective as of January 3, 2013, Assignor agrees, at the request and expense of Assignee, to perform such proper additional acts, and to execute such additional documents, as Assignee may reasonably request to effect or confirm the transfer of all of Assignor's right, title and interest in the Assigned Patents and Patent Applications and any improvements thereunder to Assignee, its successors and assigns.

5. Effective as of January 3, 2013, Assignor acknowledges and agrees that it has the power and authority to assign the 3 Patents to Assignee.

IN WITNESS WHEREOF, Assignor and Assignee have caused this instrument to be executed in their names this 3rd day of January, 2013.
