**PATENT ASSIGNMENT**

WHEREAS, Platform Solutions, Inc., a California corporation (referred to as "Company"), has ownership of the patents and patent applications listed on Schedule A hereto, which may be added to in the future, all patents which may issue therefrom, and all non-provisionals, divisionals, reissues, substitutions, continuations, continuations-in-part, re-examinations and extensions thereof which may be pending in the United States and/or worldwide in or granted by any patent office or forum throughout the world (referred to as the "Patents") and whereas Company owns all inventions disclosed and claimed in the Patents ("Inventions");

WHEREAS, International Business Machines Corporation, a New York corporation (referred to as "IBM"), desires to acquire the entire right, title and interest in and to the Inventions and Patents; and

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, Company as the rightful owner of the Patents and Inventions and having the right to transfer and assign, hereby transfers and assigns to IBM free and clear of all liens or other encumbrances, and IBM hereby accepts the transfer and assignment of the entire right, title, and interest of Company in and to the Patents and Inventions, and all rights of priority resulting from the filing of the Patents; and Company hereby authorizes and requests the Commissioner of Patents and any other relevant authority to issue all patents related to the Patents to IBM as assignee of Company's entire right, title and interest therein.

Company as the rightful owner of the Patents and Inventions and having the right to transfer and assign, also hereby transfers and assigns to IBM, and IBM hereby accepts the transfer and assignment of any foreign rights to the Inventions and Patents, in all countries of the world, including the right to file applications, prosecution, and obtain patents under any treaty including the International Convention for the Protection of Industrial Property, the Patent Corporation Treaty, and of the European Patent Convention. Company agrees that this executed document is recordable evidence of such transfer and assignment and further agrees to perform at IBM's expense, upon reasonable notice, such lawful acts and to execute any and all patent applications, assignments, affidavits, and any other papers in connection therewith necessary to perfect such foreign patent rights.

Upon the written request of IBM, Company hereby further agrees that Company will sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue, re-examination, and substitute applications, make all lawful oaths and provide reasonable assistance to aid IBM, its successors, assigns and nominees to facilitate the prosecution and maintenance of the Patents in all countries of the world.

This transfer and assignment is effective as of June 1, 2010.

IN WITNESS WHEREOF, the parties hereto have executed this Patent Assignment by its respective duly authorized officer in their respective corporate names.
